IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING**General**

In this proxy statement, we refer to Astrana Health, Inc. as the “Company,” “Astrana,” “we,” “our,” and “us.” This proxy statement is furnished in connection with the solicitation by our Board of Directors (the “Board”) of proxies to be voted at the 2024 Annual Meeting of Stockholders of the Company (the “2024 Annual Meeting”), which will be held at 10:00 a.m., Pacific Time, on Wednesday, June 12, 2024 at 1668 S. Garfield Avenue, 3rd Floor Conference Room, Alhambra, California 91801, or at adjournments or postponements thereof, for the purposes set forth in the accompanying Notice of 2024 Annual Meeting of Stockholders. The proxy materials, including this proxy statement, Annual Report to Stockholders for the year ended December 31, 2023 (“2024 Annual Report to Stockholders”), and form of proxy card, or the Notice of Internet Availability of Proxy Materials (the “Notice”), are first being mailed or made available to stockholders on or about April 24, 2024. Stockholders may request to receive proxy materials in printed form by mail or electronically on an ongoing basis. A stockholder’s election to receive proxy materials by mail or electronically by email will remain in effect until the stockholder terminates such election. In addition, stockholders may obtain additional copies of our 2024 Annual Report to Stockholders and this proxy statement, without charge, by following the instructions on the Notice or by writing to us at our principal executive offices at 1668 S. Garfield Avenue, 2nd Floor, Alhambra, California 91801, Attention: Corporate Secretary, or from our website at <https://ir.astranahealth.com/sec-filings>. Our 2024 Annual Report to Stockholders, which incorporates our Annual Report on Form 10-K for the year ended December 31, 2023 filed with the U.S. Securities and Exchange Commission (the “SEC”) on February 29, 2024, without exhibits, is not to be regarded as proxy soliciting material or as a communication by means of which any solicitation of proxies is to be made.

Outstanding Securities and Quorum

The close of business on April 23, 2024 was the record date (the “Record Date”) for stockholders entitled to notice of, and to vote at, the 2024 Annual Meeting. As of the Record Date, we had 56,025,538 shares of common stock, par value \$0.001 per share, issued and outstanding, according to the records maintained by our transfer agent. All of the shares of our common stock, issued and outstanding on the Record Date, and only those shares, are entitled to vote on each of the proposals to be voted upon at the 2024 Annual Meeting.

Our largest stockholder and a consolidated variable interest entity of the Company, Allied Physicians of California, a Professional Medical Corporation (“APC”), held approximately 7,132,698 shares of our common stock as of the Record Date, or approximately 12.7% of our outstanding shares as of such date. Pursuant to a Voting and Registration Rights Agreement that APC and the Company entered into on September 11, 2019, in connection with the consummation of a series of interrelated transactions, APC shall be only permitted to vote up to 9.99% of the outstanding shares of our common stock at any time a vote is taken and will grant a proxy to the Company’s management to vote any excess shares in the same proportion as all other votes cast on any proposal coming before the Company’s stockholders.

The presence of the holders of a majority of the outstanding shares of common stock, in person or represented by proxy, shall constitute a quorum for the transaction of business at the 2024 Annual Meeting, including voting on each proposal to be voted on at the meeting. Broker non-votes and abstentions by stockholders from voting will be counted towards determining whether or not a quorum is present at the 2024 Annual Meeting.

Voting Procedures

Holders of shares of common stock will have one vote for each such share with regard to each matter to be voted upon. There is no cumulative voting for election of directors.

A broker non-vote occurs when shares held by a bank, broker or other nominee are not voted with respect to a particular proposal because the broker or nominee does not have discretionary authority to vote on the matter and has not received voting instructions from beneficial owners. If your broker holds your shares in its name and you do not instruct your broker how to vote, your broker will only have discretion to vote your shares on “routine” matters. Where a proposal is not “routine,” a broker who has not received instructions from beneficial owners does not have discretion to vote uninstructed shares on that proposal. At the 2024 Annual Meeting, only the ratification of the appointment of our independent registered public accounting firm (Proposal 2) is considered a routine matter. All other proposals are considered “non-routine,” and your broker will not have discretion to vote on these proposals.

Broker non-votes will be considered present at the 2024 Annual Meeting for purposes of determining a quorum on all matters, but will not be considered votes cast. Similarly, abstentions by stockholders from voting will be counted toward determining whether or not a quorum is present, but will not be considered votes cast.

For Proposal 1, you may vote “FOR” all the nominees to the Board, “WITHHOLD” your vote from all nominees, or “For” all except any nominee you specify. For Proposals 2 through 5 (as described below), you may vote “FOR” or “AGAINST,” or abstain from voting, on each proposal.

Proposal	Board Recommendation	Required Vote	Effect of Withhold Votes, Abstentions and Broker Non-Votes
Proposal 1: Elect Our Directors	FOR all nominees	Plurality of the votes cast: the nine nominees that receive the most “FOR” votes will be elected.	Withhold votes and broker non-votes will have no effect on this proposal.
Proposal 2: Ratify the Appointment of Our Independent Registered Public Accounting Firm	FOR	The number of votes cast “For” this proposal must exceed the number of votes cast “Against” this proposal.	Abstentions and broker non-votes, if any, will have no effect on this proposal. As this is a “routine” proposal, if you do not provide voting instructions to your broker, your broker generally will have discretion to vote your shares on this proposal.
Proposal 3: Approve, on an Advisory, Non-Binding Basis, Our Named Executive Officer Compensation	FOR	The number of votes cast “For” this proposal must exceed the number of votes cast “Against” this proposal.	Abstentions and broker non-votes will have no effect on this proposal.
Proposal 4: Approve the Astrana Health, Inc. 2024 Equity Incentive Plan	FOR	The number of votes cast “For” this proposal must exceed the number of votes cast “Against” this proposal.	Abstentions and broker non-votes will have no effect on this proposal.
Proposal 5: Approve an Amendment to the Company’s Restated Certificate of Incorporation to reflect New Delaware Law Provisions Regarding Officer Exculpation	FOR	The affirmative vote of a majority of the outstanding shares of the Company entitled to vote on the proposal is required to approve this proposal.	Abstentions and broker non-votes will have the same effect as votes “against” the proposal.

All votes will be tabulated by the inspector of elections appointed for the 2024 Annual Meeting, who will separately tabulate affirmative and negative votes, withheld votes, abstentions, and broker non-votes, if any. Preliminary voting results will be announced at the 2024 Annual Meeting. Final voting results will be published in a Current Report on Form 8-K, which we will file within four business days of the 2024 Annual Meeting.

Voting Methods

If you are a record holder, you can vote by attending the 2024 Annual Meeting and voting in person, or you can vote by proxy in three ways:

- **By Internet:** You may vote by submitting a proxy over the Internet, including by scanning the QR code provided on the Notice or proxy card with your mobile device. Please refer to the proxy card or Notice for instructions on how to vote by Internet.
- **By Telephone:** Stockholders located in the United States that receive proxy materials by mail may vote by submitting a proxy by telephone by calling the toll-free telephone number on the proxy card and following the instructions.
- **By Mail:** If you received proxy materials by mail, you can vote by submitting a proxy by mail by marking, dating, signing, and returning the accompanying proxy card.

- **In Person at the 2024 Annual Meeting:** If you attend the 2024 Annual Meeting, you may deliver your completed proxy card in person, or you may vote by completing a ballot, which we will provide you at the meeting. You are encouraged to vote by telephone or Internet or complete, date, sign, and return the proxy card provided or made available to you, regardless of whether or not you plan to attend the 2024 Annual Meeting.

If, on the Record Date, your shares were held not in your name, but rather through a bank, broker or other nominee, then you are the beneficial owner of shares held in “street name,” and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the 2024 Annual Meeting. As a beneficial owner, you have the right to direct your bank, broker or other nominee regarding how to vote the shares in your account and should follow the instructions contained in the Notice, proxy card or voting instruction form to vote by Internet, telephone or mail. If you want to vote your shares in person at the 2024 Annual Meeting, contact the bank, broker or other nominee who holds your shares to obtain a legal proxy and bring it with you to the 2024 Annual Meeting. You will not be able to attend the 2024 Annual Meeting unless you have proof of ownership from your bank, broker or other nominee. You should contact your bank, broker or other nominee or refer to the instructions provided by your bank, broker or other nominee for further information.

Voting by Proxy and Changing or Revoking your Vote

Shares of common stock represented by proxies submitted over the Internet or by telephone, or for which proxy cards are properly executed and returned to us, will be voted at the 2024 Annual Meeting in accordance with the stockholders’ instructions contained therein. In the absence of contrary instructions, shares represented by such proxies will be voted **FOR** the election of each of the director nominees named on **Proposal 1**, **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024 on **Proposal 2**, **FOR** the approval, on an advisory, non-binding basis, of the compensation of our named executive officers on **Proposal 3**, **FOR** the approval of the Astrana Health, Inc. 2024 Equity Incentive Plan on **Proposal 4**, and **FOR** the approval of an amendment to the Company’s Restated Certificate of Incorporation to reflect new Delaware law provisions regarding officer exculpation on **Proposal 5**. Management does not know of any matters to be presented at the 2024 Annual Meeting other than those set forth in this proxy statement and the accompanying notice of the 2024 Annual Meeting. If other matters should properly come before the meeting, the proxy holders intend to vote all proxies received by them on such matters in accordance with their best judgment.

Any stockholder of record has the right to revoke his, her, or its proxy at any time before it is voted at the 2024 Annual Meeting by submitting another properly completed proxy card with a later date; by submitting new vote by telephone or Internet; by giving timely written notice that you are revoking your proxy to our Corporate Secretary at our principal executive offices that bears a later date than the date of the proxy you want to revoke and is received prior to the 2024 Annual Meeting; or by appearing at the 2024 Annual Meeting and voting in person. Attending the 2024 Annual Meeting will not, by itself, revoke your proxy. If your shares are held by a bank, broker or other nominee and you provide instructions to that nominee on a form received from the nominee, you may revoke or change your voting instructions only by contacting the nominee who holds your shares. You may not vote in person at the 2024 Annual Meeting unless you obtain a legal proxy from the bank, broker or other nominee. In such event, your attendance at the 2024 Annual Meeting will not, by itself, revoke prior voting instructions.

Householding of Proxy Materials

Some banks, brokers, and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of our proxy statement and annual report to stockholders may have been sent to multiple stockholders in your household. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement in the future, or if you and other stockholders sharing your address are receiving multiple copies of the proxy materials and you would like to receive only a single copy of such materials in the future, please notify your broker. You may also call (866) 540-7095 or write to: Householding Department, Broadridge, 51 Mercedes Way, Edgewood, New York 11717, and include your name, the name of your broker or other nominee, and your account number(s). If you share an address with another stockholder and have received only one set of this year’s proxy materials and you wish to receive a separate copy, please notify us in writing at: Astrana Health, Inc., 1668 S. Garfield Avenue, 2nd Floor, Alhambra, California 91801, Attention: Corporate Secretary, and we will deliver a separate copy to you promptly.

Internet Availability of Proxy Materials

We are furnishing proxy materials for the 2024 Annual Meeting to all of our stockholders via the Internet by mailing the Notice, instead of mailing or emailing copies of those materials to our stockholders. However, we may still mail copies of such proxy materials to some stockholders. The Notice directs our stockholders to a website where they can access our proxy materials, including our proxy statement and our 2024 Annual Report to Stockholders, and view instructions on how to vote via the Internet, a mobile device, or by telephone. If you received such a Notice and would prefer to receive a paper copy of our proxy materials, please follow the instructions included in the Notice. If you have previously elected to receive our proxy materials via email, you will continue to receive access to those materials electronically unless you elect otherwise.

Attending the Annual Meeting

Only our stockholders as of the Record Date are entitled to attend the 2024 Annual Meeting. If you own our stock as a record holder, your name will be on a list of record holders, and you will be able to gain entry with government-issued photo identification, such as a driver's license, state-issued identification card, or passport. If you beneficially own our stock held in street name, in order to gain entry, you must present a valid legal proxy from a record holder of our stock as of the Record Date and government-issued photo identification. You should contact your bank, broker, or other nominee to learn how to obtain a legal proxy. All stockholders must register at the reception desk and sign the attendance sheet before entering the room for the 2024 Annual Meeting. In fairness to all attendees and in the interest of an orderly and constructive meeting, we ask that you abide by the rules of procedure for the 2024 Annual Meeting, which will be available to you when you register at the reception desk. Cameras, recording devices, and other electronic devices are prohibited at the meeting.

Stockholder List

A list of our stockholders of record as of the Record Date entitled to vote at the 2024 Annual Meeting will be available for examination by any such stockholder for any purpose germane to the 2024 Annual Meeting during ordinary business hours at our corporate headquarters located at 1668 S. Garfield Avenue, Alhambra, California 91801, for a period of 10 days ending on the day before the 2024 Annual Meeting. Please contact the Company's Corporate Secretary at (626) 282-0288; or by email at: investors@astranahealth.com if you wish to inspect the list of stockholders prior to the meeting.

Persons Making the Solicitation

We are required by law to convene annual meetings of stockholders at which our directors are elected. The Board is soliciting proxies from our stockholders for the 2024 Annual Meeting. The entire cost of soliciting proxies will be borne by the Company. These costs will include, among other items, the expense of preparing, assembling, printing, and mailing the proxy materials or Notice to our stockholders of record and beneficial owners. Our directors, officers and employees may solicit proxies in person, by email or telephone, or by other means of communication, without receiving additional compensation. We will reimburse brokers, banks and other nominees who hold shares of common stock in their names for the expenses of furnishing proxy materials to beneficial owners of the shares. We may retain a proxy solicitor in conjunction with the 2024 Annual Meeting, and its employees may assist us in the solicitation. We will pay all costs of soliciting proxies, including, in the event we retain a proxy solicitor, their fee and reasonable out-of-pocket expenses, if any.

PROPOSAL 1

ELECTION OF DIRECTORS

Stockholders will be asked at the 2024 Annual Meeting to elect nine directors who will constitute the full Board. Each elected director will hold office until the next annual meeting of stockholders, and the director's successor is duly elected and qualified or until his or her earlier resignation or removal.

The following individuals have been nominated by the Board for election to the Board: Kenneth Sim, M.D., Thomas S. Lam, M.D., M.P.H., John Chiang, Weili Dai, J. Lorraine Estradas, R.N., B.S.N., M.P.H., Mitchell W. Kitayama, Linda Marsh, Matthew Mazdyasni, and David G. Schmidt. All of the nominees are incumbent directors. Additional information about these nominees is provided below.

Board Nomination and Election of Directors

Following a rigorous review process, the Nominating and Corporate Governance Committee recommended the nine incumbent directors for re-election at the 2024 Annual Meeting as they continue to contribute to the mix of experience, skills, and qualifications that we seek to be represented on the Board. Each nominee has been nominated by the Board, acting upon the recommendation of the Nominating and Corporate Governance Committee. Unless authority to vote for any nominee is withheld, the shares represented by the enclosed proxy will be voted **FOR** the election of all nominees as directors.

In the event that a nominee is unable or unwilling to serve as a director at the time of the 2024 Annual Meeting, all proxies received by the proxy holders named on the accompanying proxy card will be voted **FOR** the election of such other person as either proxy holder may designate in such nominee's place. In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them for each of the nominees listed below, unless instructions are given to the contrary. As of the date of this proxy statement, the Board is not aware of any nominee who is unable or unwilling to serve as a director. If elected at the 2024 Annual Meeting, a director will serve until the annual meeting of our stockholders to be held in 2025 and a successor has been duly elected and qualified, or until his or her earlier resignation or removal.

THE BOARD RECOMMENDS THAT OUR STOCKHOLDERS VOTE "FOR ALL" OF THE DIRECTOR NOMINEES.

Director Independence

The Board has determined that a majority of its current members meet the independence requirements of the Nasdaq Stock Market LLC ("Nasdaq"). Based upon information requested from and provided by each director concerning his or her background, employment, and affiliations, including family relationships, the Board has affirmatively determined that each of John Chiang, Weili Dai, Mitchell W. Kitayama, Matthew Mazdyasni and David G. Schmidt satisfies the independence criteria in the applicable Nasdaq listing standards and SEC rules. The Board also determined that Michael F. Eng and Ernest A. Bates, M.D., who served on the Board during 2023, satisfied such independence criteria. The Board also has a standing Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee. The Board has determined that all committee members are independent under applicable Nasdaq and SEC rules for committee memberships, and that each member of the Audit Committee also meets the additional independence criteria set forth in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). In making such determinations, the Board considered all relevant facts and circumstances, including commercial, industrial, banking, employment and consulting, legal, accounting, charitable, and familial relationships, not merely from the standpoint of a director or nominee, but also from that of persons or organizations affiliated with the director or nominee.

Board Diversity

As part of our commitment to diversity, we value diversity on our Board of Directors. Three of our directors are women, representing approximately 33% of our Board, and seven of our directors are from historically underrepresented groups, representing approximately 78% of our Board. Additional information regarding director diversity is included in the table below.

Board Meetings

The Board held nine meetings and acted by written consent three times during 2023. Each of our incumbent directors attended 75% or more of the aggregate number of meetings of the Board and the committees on which such director served during 2023. While directors are encouraged to attend our annual meetings of stockholders, the Board has not adopted a formal policy with respect to such attendance. Four directors attended the Company's 2023 annual meeting of stockholders.

Our independent directors meet periodically in executive session without management present to discuss our operations, policies, and practices, as well as other matters relating to us or the functioning of the Board.

Board Leadership Structure

The Company believes that independent board oversight is an essential component of strong corporate performance. We also believe that the decision as to whether the positions of Chairman and Chief Executive Officer should be combined or separated, and whether an executive or an independent director should serve as the Chairman, should be based upon the circumstances facing the Company. Maintaining a flexible policy allows the Board to choose the leadership structure that best serves the interests of the Company and its stockholders at any particular time. The Board also believes its risk oversight framework would be effective under a variety of leadership structures.

The Board continues to believe that its current leadership structure, which has a non-independent Executive Chairman and Vice Chairman, both of whom previously served as a Co-Chief Executive Officer of the Company, counterbalanced by an independent Board led by a Lead Independent Director and independent directors chairing each of the Board committees, is in the best interests of the Company and its stockholders. In the Board's view, separating the positions of Chief Executive Officer and Board chair allows our Chief Executive Officer to focus on our day-to-day business, while allowing the Executive Chairman to lead the Board in its fundamental role of providing advice to and oversight of management. Our Vice Chairman presides over Board meetings in the event that the Executive Chairman is not present and participates in the Board and committee agenda review process. Having former Co-Chief Executive Officers of the Company serve as Executive Chairman and Vice Chairman also enables us to leverage their in-depth knowledge of and experience with our business to provide advice to and oversight of management, as well as their ability to identify strategic priorities and lead the Board's discussions and execution of strategy. At the same time, our

Lead Independent Director, Mitchell Kitayama, works with the Executive Chairman to schedule and set the agenda for Board meetings, acts as a liaison between the non-management directors as a group and management, and exercises additional oversight on behalf of the independent directors. We recognize that our Board leadership structure is somewhat unique but we believe that it is the right structure for the Company at this time. The Board will continue to review the appropriateness of this structure and consider stockholder feedback from our ongoing engagements.

Lead Independent Director

In selecting the Lead Independent Director, the Nominating and Governance Committee reviews potential candidates' qualifications and attributes, before making a recommendation to the independent directors, who, after review, elect the lead director. Mr. Kitayama was first elected as the Lead Independent Director in 2018. The Lead Independent Director has the following responsibilities (and may also perform other functions at the Board's or independent directors' request), as detailed in the Lead Independent Director Charter:

- Board Leadership: provides leadership to the Board in any situation where the Executive Chairman's and Vice Chairman's role may be perceived to be in conflict, and chairs Board meetings in the absence of the Executive Chairman and Vice Chairman, including executive sessions of the independent directors.
- Board Agenda, Schedule and Information: reviews and, when appropriate, makes changes to the agenda, schedule and information sent to directors and call additional meetings as needed.
- Leadership of Independent Director Meetings: calls and leads independent director meetings without any management directors or Company employees present.
- Chairman-Independent Director Liaison: serves as the principal liaison between the Chairman and the independent directors (although every director has direct access to the Executive Chairman).
- Stockholder Communications: is available for consultation and direct communication with the Company's stockholders.
- Director Candidates: interviews, along with the chair of the Nominating and Corporate Governance Committee, all director candidates and makes recommendations to the Nominating and Corporate Governance Committee.

Risk Oversight Function of the Board

The Board takes an active role in overseeing the Company's risk governance framework and corporate strategy and seeks to ensure the long-term interests of the Company and its stockholders are being served. The Board believes that evaluating the executive team's management of the risks confronting the Company is one of its most important areas of oversight. In carrying out this responsibility, the Board is assisted by its committees, each of which considers risks within its areas of primary responsibility and expertise and apprises the full Board of significant matters and management's response. In performing the risk oversight function, the Board and each committee has full access to management, as well as the ability to engage advisors. The specific risk areas of focus for the Board and each of its committees are summarized below.

Board of Directors

Oversees the Company’s risk governance framework, general corporate strategy, including merger and acquisition activity, and other matters reserved to the full Board. Reviews and discusses with management significant risks affecting the Company, including matters escalated by its committees from within their respective areas of oversight.

Audit Committee

Management

Board Committees

The Board has a standing Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee, each of which is comprised solely of independent directors. All members of each committee are independent, non-employee directors. Each committee operates under a written charter, which is available at <https://ir.astranahealth.com/corporate-governance> (see “Code of Ethics and Other Governance Documents” above). The table below lists the current leadership and membership of each committee, and the functions and responsibilities of each committee are summarized below.

Evaluation and Nomination of Director Candidates

The Nominating and Corporate Governance Committee identifies appropriate candidates to serve as directors of the Company, interviews candidates and makes recommendations to the Board regarding director nominations. In considering candidates to serve as directors, the Nominating and Corporate Governance Committee evaluates them against one or more of the following qualifications: personal integrity, sound judgment, business and professional skills and experience, industry knowledge, financial acumen, and the extent to which the candidate would fill a present need on the Board. The Nominating and Corporate Governance Committee also considers additional factors, including the current composition of the Board, the current strategy and future outlook of the Company, the range of experience and skills that would best complement those already represented on the Board and the need for specialized expertise. While the Nominating and Corporate Governance Committee does not have a formal diversity policy (however that term may be defined), it recognizes that having a diverse Board with a variety of viewpoints provides a more comprehensive decision-making process and reflects an increased emphasis on gender and diversity parity by investors and considers issues of diversity in identifying and recommending director nominees to the Board. The Nominating and Corporate Governance Committee strives to achieve a balance of backgrounds and perspectives on the Board and its committees and our commitment to diversity is reflected, in part, by our current Board composition, which includes three women and seven directors from historically underrepresented groups.

The Nominating and Corporate Governance Committee considers potential candidates properly recommended by stockholders, directors, officers, advisors, third-party search firms, or other appropriate sources. Persons recommended by stockholders are generally considered on the same basis as candidates from other sources. If a stockholder wishes to propose a director candidate for consideration by the Nominating and Corporate Governance Committee, the stockholder must follow the procedures and comply with the requirements described in “*Stockholder Proposals*” at the end of this proxy statement.

In recommending to the Board the director nominees for election at the 2024 Annual Meeting, the Nominating and Corporate Governance Committee considered the factors described above, as well as each nominee’s previous service on the Board, which the committee believes provides a desirable level of continuity and institutional knowledge with respect to the Board’s deliberations. The Nominating and Corporate Governance Committee also considered the specific qualifications, attributes, and skills that each nominee possesses and contributes to the Board, as described in the respective nominee’s biography included above under “*Background of Directors*”.

Board Self-Evaluation

The Board and each of its committees regularly undertakes a self-evaluation process to help ensure continued effectiveness. This process is overseen by the Nominating and Corporate Governance Committee and may vary each year in order to balance the benefits of different approaches.

Sustainability

There has been increased focus from our stakeholders, including investors, clients and employees, on our sustainability, corporate citizenship and other environmental, social and governance (or ESG) policies and practices. Additionally, public interest and legislative pressure related to public companies’ environmental, social and governance practices continues to grow. We believe

that good corporate citizenship includes responsiveness to environmental, social and governance issues that materially impact our stakeholders and the communities in which we operate.

We believe it is critical to maintain the highest ethical standards, and we have policies in place to ensure that our directors and employees operate ethically and with integrity, including our Code of Ethics. We also make a compliance hotline available to our employees. The hotline is serviced by a third-party provider that is available by phone or online 24 hours a day, seven days a week to help ensure any compliance concerns can be reported and addressed in a timely and appropriate manner.

We believe that culturally-competent care is essential for ensuring patient satisfaction and improving health outcomes. As an organization built by and for our community, we prioritize building diverse teams that reflect the communities we serve. We understand the importance of strong community relationships in achieving our business goals, and we actively engage with local communities through volunteer programs, sponsorships, and educational initiatives.

Our Board provides overall oversight of our environmental, social and governance efforts, and the Nominating and Corporate Governance Committee periodically reviews our environmental, social and governance policies and practices, including those relating to sustainability and corporate social responsibility. In addition, the Compensation Committee regularly reviews the Company's strategies related to human capital management, including talent acquisition, development and retention, and diversity and inclusion initiatives, and the Audit Committee reviews the Company's environmental, social and governance disclosures and adequacy and effectiveness of applicable internal controls related to such disclosures.

Human Capital

We are committed to supporting the professional development of our employees, providing competitive compensation and benefits and a safe and inclusive workplace. We measure employee engagement on an ongoing basis to create a more innovative, productive, and profitable company. The results from engagement surveys are used to implement programs and processes designed to support employee retention and satisfaction. The Company believes a diverse workforce fosters innovation and cultivates an environment filled with unique perspectives and growth. Respect for human rights is fundamental to the Company's business and its commitment to ethical business conduct.

Our dedication to employee growth is reflected in the various learning and development programs offered at Astrana. We organize leadership programs, including a bi-annual summit, the Becoming Leaders program, individual coaching, and ad hoc training sessions, to support our employees in their professional advancement. Our professional development reimbursement program empowers employees to attend classes, seminars, or obtain certifications, enhancing their skill sets and opening up new opportunities for advancement within the Company.

We actively promote and support employees seeking to make a positive impact on their communities and charitable causes through the donation of time, talents, and resources. In 2023, Astrana contributed to several charitable organizations, including the Children's Hospital of Los Angeles, American Heart Association, American Red Cross, and a blanket drive dedicated to supporting residents in our nursing homes.

Cybersecurity

Astrana, like the rest of the healthcare industry, continues to innovate and rely on digital technology, further increasing the importance of cybersecurity to the business. A breach of Astrana's network, hosted service providers, or vendor systems may expose Astrana to a risk of loss or misuse of information, litigation, and potential liability. Therefore, the Company has a team of experienced professionals with expertise in cybersecurity leadership, risk management, incident response, and security operations overseeing Astrana's program. This team is responsible for developing and implementing our cybersecurity strategy, identifying and mitigating risks, and responding to incidents. Astrana utilizes external resources from reputable cybersecurity firms to supplement certain Chief Information Security Officer functions, including risk assessments, strategy, and security, while integrating these activities with Astrana's risk management processes. Astrana assesses third-party cybersecurity controls through cybersecurity questionnaires and includes security and privacy addendums to our contracts, where applicable.

To address cybersecurity, privacy, and overall business risk adequately, Astrana employs a consistent risk management process that assigns risks to functional owners. Risks can be strategic (e.g., loss of market share, technology shifts), reputational (e.g., loss of trust, revenue decline), regulatory (e.g., regulatory fines, business restrictions), or operational (e.g., operational downtime, productivity loss) in nature.

The cybersecurity team collaborates with leaders in management to assess materiality, align on a remediation roadmap, and comply with disclosure requirements. On an ongoing basis, the Board and the Audit Committee oversee Astrana's cybersecurity risks and remediation strategies to prevent and mitigate cyberattacks.

Stockholders, as well as other interested parties, may send correspondence to the Board or to any individual director, by mail to: Corporate Secretary, Astrana Health, Inc., 1668 S. Garfield Avenue, 2nd Floor, Alhambra, California 91801, or by email to: investors@astranahealth.com. Certain items that are unrelated to the duties and responsibilities of the Board will not be forwarded, such as business solicitation or advertisements; product or service related inquires; junk mail or mass mailings; resumes or other job-related inquires; spam; and abusive, threatening, or otherwise inappropriate materials.

Review, Approval, or Ratification of Transactions with Related Persons

The Board has adopted a written policy setting forth our procedures for reviewing, and approving or ratifying, transactions with an executive officer, director, or nominee for election as a director of the Company, a greater than five percent beneficial owner of the Company's common stock, or an immediate family member of any of the foregoing (collectively, "Related Persons"). The policy covers transactions, arrangements, or relationships in which the aggregate amount involved exceeds, or is expected to exceed, \$120,000 in any fiscal year of the Company, the Company or any of its controlled subsidiaries is a participant, and a Related Person had, has, or is expected to have a direct or indirect material interest (a "Covered Transaction"). The Audit Committee is responsible for ratifying or approving a Covered Transaction.

In reviewing a Covered Transaction, the Audit Committee shall consider all relevant facts and circumstances, including:

- the Related Person's interest and involvement in the transaction;
- the nature of the Company's participation in the transaction;
- the Related Person's relationship to the Company;
- whether the transaction was undertaken in the ordinary course of business of the Company;
- the availability of unrelated third parties as alternative counterparties to the proposed transaction;
- whether the transaction is proposed to be, or was, entered into on an arms-length basis or on terms no less favorable to the Company than terms that could have been reached with an unrelated third party under the same or similar circumstances;
- whether the transaction would impair the independence of a director or a nominee for election as a director of the Company under the Nasdaq listing rules;
- the purpose of, and the potential benefits and materiality to the Company of, the transaction;
- the risks and limitations that may arise as a result of or in connection with the proposed transaction, including any potential reputational risk; and
- any other information that would be material to our investors in light of the context of the particular transaction and the Related Person.

Certain Covered Transactions are deemed to be pre-approved by the Audit Committee under this policy, including:

- any compensation paid to an executive officer of the Company for his or her services to the Company if the compensation is, or would be required to be, reported in the Company's proxy statements and the Compensation Committee has approved, or recommended that the Board approve, such compensation, or the transaction involves the recovery of erroneously awarded compensation, computed as provided in the Nasdaq listing rules and the Exchange Act, and is disclosed in the Company's proxy statements;
- any compensation paid to a director of the Company for services to the Company as a director if the compensation is required to be reported in the Company's proxy statements;
- any transaction where the Related Person's interest arises solely from the ownership of the Company's common stock and all holders of the Company's common stock received the same benefit on a pro rata basis;
- any transaction involving a Related Person where the rates or charges involved are determined by competitive bids;
- any transaction between the Company or its controlled subsidiary and an entity with an executive officer of the Company serving as a nominee stockholder (including where the officer as a licensed physician, rather than the Company, is required by corporate practice of medicine or similar law to serve as the stockholder of such entity on behalf of the Company or its

subsidiary in order to achieve certain corporate, regulatory and/or accounting treatment) and where such officer derives no direct financial benefit from such status; or

- any transaction between the Company or its controlled subsidiary and an entity that has been reported in the Company's statement of income for its last fiscal year on a consolidated basis (including any variable interest entity of the Company).

The Audit Committee may establish such other categories of transactions that shall be deemed pre-approved.

Certain Related Person Transactions

PROPOSAL 2

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed Ernst & Young LLP (“EY”) as our independent registered public accounting firm to audit our financial statements for the fiscal year ending December 31, 2024. In deciding to appoint EY, the Audit Committee reviewed auditor independence issues and existing commercial relationships with EY and concluded that EY has no commercial relationship with the Company that would impair its independence for the year ending December 31, 2024. The Board recommends that our stockholders ratify the appointment of EY as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2024. While we are not required to have our stockholders ratify the appointment of EY as our independent registered public accounting firm, we are doing so because we value our stockholders’ views on the Company’s independent registered public accounting firm. If the stockholders do not ratify this appointment, the Audit Committee will reconsider whether to retain EY. If the selection of EY is ratified, the Audit Committee, in its discretion, may still direct the appointment of a different independent registered public accounting firm at any time it determines that such a change would be in the best interest of the Company and our stockholders.

Representatives of EY are expected to be present at the 2024 Annual Meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The Audit Committee’s policy is to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm, which may include audit services, audit-related services, tax services, and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services. THE BOARD RECOMMENDS THAT OUR STOCKHOLDERS VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

PROPOSAL 3**ADVISORY VOTE ON EXECUTIVE COMPENSATION**

The Dodd-Frank Wall Street Reform and Consumer Protection Act and Section 14A of the Exchange Act require that we provide our stockholders with the opportunity to vote, on a non-binding advisory basis, on the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the SEC. Accordingly, we are asking stockholders to approve an advisory resolution on the compensation of our named executive officers as reported in this proxy statement, commonly referred to as the “say-on-pay” vote. Although the say-on-pay vote is advisory and therefore non-binding on us, the Board and the Compensation Committee will review and consider the voting results when making future decisions regarding our executive compensation program. In accordance with the preference of our stockholders, as expressed in a non-binding advisory vote on the frequency of advisory votes on executive compensation at our 2022 Annual Meeting of Stockholders and as accepted by the Board, we hold annual advisory votes on the compensation of the named executive officers. Stockholders are next expected to have the opportunity to vote on the frequency of future votes on named executive officer compensation at the 2028 Annual Meeting of Shareholders.

The vote on this resolution is not intended to address any specific element of compensation. Instead, the vote relates to the overall compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the SEC. We encourage stockholders to read the “Executive Compensation” section of this proxy statement, which provides an overview of our executive compensation policies and procedures. The Summary Compensation Table and other related compensation tables and narrative provide detailed information on the compensation of our named executive officers. The Compensation Committee and the Board believe that the policies and procedures articulated in the “Executive Compensation” section of this proxy statement are effectively achieve our goals and that the compensation of the named executive officers reported in this proxy statement has contributed to our success.

In accordance with Section 14A of the Exchange Act and as a matter of good corporate governance, we are asking stockholders to approve the following advisory resolution at the 2024 Annual Meeting:

“RESOLVED, that the Company’s stockholders approve, on a non-binding advisory basis, the compensation of our named executive officers as disclosed in the Executive Compensation section of this proxy statement and the Summary Compensation Table and the related compensation tables, notes and narrative in this proxy statement.”

As an advisory vote, this proposal is not binding on our company, our Board, or our Compensation Committee. The outcome of this advisory vote does not overrule any decision by us or our Board (or any committee thereof), create or imply any change to the fiduciary duties of the company or our Board (or any committee thereof), or create or imply any additional fiduciary duties for the company or our Board (or any committee thereof). However, our Compensation Committee and Board value the opinions to be expressed by our stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for our named executive officers.

THE BOARD RECOMMENDS THAT OUR STOCKHOLDERS VOTE “FOR” THE APPROVAL, ON AN ADVISORY, NON-BINDING BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THE PROXY STATEMENT.

EXECUTIVE SUMMARY

We are a leading provider-centric, technology-powered, risk-bearing healthcare company. Leveraging our proprietary end-to-end technology solutions, we operate an integrated healthcare delivery platform that enables providers to successfully participate in value-based care arrangements, thus empowering them to deliver accessible, high-quality care to patients in a cost-effective manner. We, together with our affiliated physician groups and consolidated entities, provide coordinated outcomes-based medical care serving patients in California, Nevada, and Texas, the majority of whom are covered by private or public insurance provided through Medicare, Medicaid, and health maintenance organizations (“HMOs”), with a small portion of our revenue coming from non-insured patients. We provide care coordination services to each major constituent of the healthcare delivery system, including patients, families, primary care physicians, specialists, acute care hospitals, alternative sites of inpatient care, physician groups, and health plans. Our physician network consists of primary care physicians, specialist physicians, physician and specialist extenders, and hospitalists. Led by a management team with several decades of experience, we have built a company and culture that is focused on physicians providing high-quality medical care, population health management, and care coordination for patients. Through our integrated health network, with more than 10,000 contracted physicians, we are responsible for coordinating value-based care for approximately 0.9 million patients as of December 31, 2023. As a result, we are well-positioned to take advantage of the shift in the U.S. healthcare industry toward providing value-based and results-oriented healthcare with a focus on patient satisfaction, high-quality care, and cost efficiency.

2023 Say-on-Pay and Response to Stockholder Feedback

As a fast-growing company, we regularly meet with our stockholders to discuss business topics, seek feedback on our performance, and address other matters, such as executive compensation. We communicated with our largest stockholders throughout 2023, representing approximately 51% of our common shares outstanding which included our regular broad outreach cadence and a more targeted outreach following our 2023 annual meeting where our say-on-pay vote yielded approximately 55% support for our executive compensation program. Through these exchanges, we gained a greater appreciation for our stockholders and were able to listen to their views on compensation philosophies, annual and long-term incentive designs, performance metrics, governance and transparency. We reviewed what we heard with senior management, our Compensation Committee, and the entire Board.

Best Compensation Practices & Policies

We believe the following practices and policies promote sound compensation governance and are in the best interests of our stockholders and executives:

What We Do	What We Don't Do
✓ Place heavy emphasis on variable compensation	✗ No hedging or pledging (without prior written approval of the CEO)
✓ Maintain a clawback policy	✗ No option backdating or repricing
✓ Hold an annual say-on-pay vote	✗ No excessive perquisites
✓ Maintain a Compensation Committee of independent directors	✗ No excise tax gross ups
✓ Engage an independent compensation consultant	✗ No guaranteed incentives
✓ Hold annual compensation risk assessments	✗ No "single trigger" severance payments upon a change in control
✓ Maintain stock ownership guidelines	✗ No repricing of stock options without stockholder approval

WHAT GUIDES OUR PROGRAM

Compensation Program Objectives and Philosophy

The Compensation Committee oversees the design and administration of the compensation program for our executive officers. The Compensation Committee's primary objectives in structuring and administering our executive officer compensation program are to:

- Attract, motivate, and retain talented and dedicated executive officers; and
- Reinforce business strategies and objectives for enhanced stockholder value.

To achieve these goals, the Compensation Committee evaluates individual executive performance with a goal of setting compensation at levels the Committee believes are comparable with those of executive officers at other public companies having a similar size and line of business, while taking into account our relative performance and our own strategic goals.

Principal Elements of Compensation

Our compensation philosophy is supported by the following principal elements of compensation:

Compensation Element	How It's Paid	Purpose
Base Salary	Cash (Fixed)	Provide a competitive base salary rate relative to similar positions in the market and enable the Company to attract and retain critical executive talent.
Annual Incentives	Cash (Variable)	Reward executive officers for delivering on annual financial and operational objectives that contribute to the creation of stockholder value.
Long-Term Incentives	Equity (Variable)	Provide incentives for executive officers to execute on longer-term financial goals that drive the creation of stockholder value and support the Company's retention strategy.

We view these components of compensation as related, but distinct. Although the Compensation Committee reviews total compensation, we do not believe that significant compensation derived from one component of compensation should negate or offset compensation from other components. We determine the appropriate level for each compensation component based in part on compensation paid to executive officers at comparable companies consistent with our recruiting and retention goals, our view of internal equity and consistency, the results of its most recent stockholder advisory vote, and other considerations we deem relevant, such as rewarding extraordinary performance.

The Decision-Making Process

The Role of the Compensation Committee. The Compensation Committee oversees the executive compensation program for our named executive officers. The Compensation Committee is comprised of independent, non-employee members of the Board. The Compensation Committee works with its independent consultant and management to examine the effectiveness of the Company's executive compensation program throughout the year. Details of the Compensation Committee's authority and responsibilities are specified in its charter, which may be accessed at www.astranahealth.com, by selecting "Investors," and then "Governance," and then "Board Committees."

The Compensation Committee typically performs an annual strategic review of our executive officers' compensation to determine whether such compensation provides adequate incentives and motivation to our executive officers and whether it adequately compensates our executive officers relative to comparable officers in other similarly situated companies. The Compensation Committee makes all final compensation and equity award decisions regarding our named executive officers.

The role of Management. For compensation decisions relating to executive officers other than the Chief Executive Officer, the Compensation Committee considers recommendations from our Chief Executive Officer and Executive Chairman. When determining compensation for our Chief Executive Officer (formerly our Co-Chief Executive Officers) and Executive Chairman, the Compensation Committee considers such factors as competitive industry salaries, an assessment of the Chief Executive Officer's (formerly each Co-Chief Executive Officer's) and the Executive Chairman's contributions made during the preceding year, and his respective industry expertise. The Chief Executive Officer and Executive Chairman do not participate in the deliberations of the Compensation Committee regarding their own compensation.

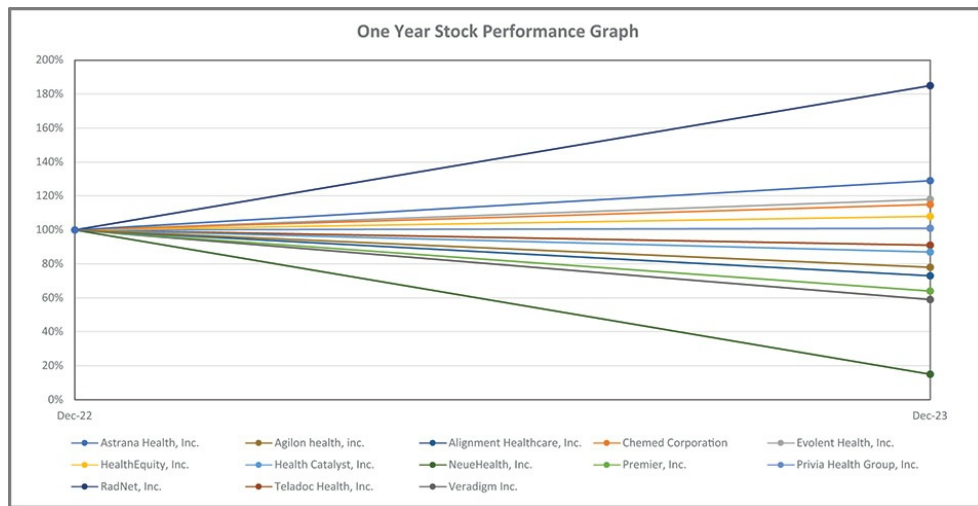

Role of the Independent Compensation Consultant. For 2023, the Company retained Pearl Meyer as its independent compensation consultant to provide analysis and recommendations that inform the Compensation Committee's decisions with respect to executive officer compensation, including, among other things, analysis and input on compensation program structure and performance measures and goals. Pearl Meyer did not perform any other services for the Company in 2023. The Company has reviewed the independence of Pearl Meyer under applicable SEC and Nasdaq rules and believes that Pearl Meyer does not have any conflicts of interest in advising the Company.

The Role of the Peer Group. The Compensation Committee believes that it is important when making its compensation-related decisions to be informed as to the current practices of similarly situated companies. For purposes of setting compensation levels for 2023, and historically, the Compensation Committee reviewed broad-based third-party surveys and other information collected from public and private sources regarding the compensation for executive officers of comparably sized companies. However, ensuring that our compensation peer group is aligned with our business objectives and stockholder expectations is a priority — especially as we evolve at a rapid pace. In February 2024, our independent compensation consultant conducted a comprehensive analysis to develop a formal compensation peer group that is aligned with our valuation and growth trajectory. The

analysis looked at companies operating in the health care providers and services sector as well as the health care technology industry with a comparable market capitalization (targeting companies with a market value of between 0.3x and 3.0x of our market value) and revenue (targeting companies with revenues between 0.5x and 3.5x our estimated revenue). Our Compensation Committee also qualitatively evaluated each prospective peer group company based on business focus and corporate strategy to identify companies in a similar space, to the extent possible, and seeks to maintain year-over-year continuity in our peer group by maintaining flexibility in applying the foregoing criteria, particularly in uncertain market conditions. The compensation peer group companies selected by our Compensation Committee for 2024 executive compensation purposes are listed below along with graphs of the Company and the peer group's stock performance for five years, three years, and one year. The annual changes shown in the graphs are based on the assumption that \$100 was invested in each common stock on base year, and that all dividends were reinvested. The stock price performance included in the line graph below is not necessarily indicative of future stock price performance.

It is important to note that this market data is not the sole determinant in setting pay levels for the named executive officers. The Compensation Committee also considers Company and individual performance and the nature of an individual’s role within the Company, as well as his or her experience and contributions to his or her current role when making its compensation-related decisions.

2023 EXECUTIVE COMPENSATION PROGRAM

Base Salaries

We provide our named executive officers with base salaries that we believe enable us to hire and retain individuals in a competitive environment and to reward individual performance and contribution to our overall business goals, while taking into account the unique circumstances of the Company. We review base salaries for our named executive officers annually, and increases, if any, are based on our performance and individual performance, as well as relevant market data. Brandon K. Sim, M.S. and

Chandan Basha, M.B.A. received compensation increases in 2023, to recognize their increased responsibilities and expanded roles over the course of 2022 and 2023. Annual base salaries as of December 31, 2023 were as follows:

Name	2022 Base Salary	2023 Base Salary	% Increase
Kenneth Sim, M.D.	\$950,000	\$950,000	—
Brandon K. Sim, M.S.	\$670,000	\$725,000	8.20%
Thomas S. Lam, M.D., M.P.H.	\$950,000	\$950,000	—
Chandan Basha, M.B.A.	\$300,000	\$450,000	50%
Albert Young, M.D., M.P.H.	\$400,000	\$400,000	—

Annual Cash Bonus Awards

For 2023, our named executive officers had an opportunity to earn an annual cash-based bonus award based on the achievement of Company and individual performance results. Annual cash bonuses are intended to reward both incremental improvement and continued strong performance.

For 2023, all awards were paid from a bonus funding pool, subject to the achievement of Adjusted EBITDA goals. We use Adjusted EBITDA as the primary performance measure for annual cash bonuses because it focuses the team on profitable growth, while continuing to provide strong accountability for returns. Adjusted EBITDA also provides a more useful illustration of our financial performance and the ongoing operations of our business, since the adjustments exclude certain expenses that are not indicative of our recurring core operating results. This facilitates better comparisons to our historical performance and our competitors' operating results. For 2023, the bonus pool was funded based on achieving Adjusted EBITDA as follows:

Performance Range:	Threshold	Target	Stretch
<i>Adjusted EBITDA Range:</i>	\$120 million	\$140 million	\$160 million
<i>Pool Funding (as a % of Adjusted EBITDA)</i>	4%	6%	8%

If the Company achieves the threshold EBITDA goal, the Compensation Committee may then use its business judgement to determine actual bonus payouts based on its holistic view of performance results and considers the following factors:

- Key financial performance results compared to prior year and budget expectations;
- Comparison to peers to ensure a balanced perspective of relative performance (i.e., financial, regulatory, business/strategy mode, geographic, etc.);
- General economic conditions and degree of difficulty in attaining performance objectives;
- One time, or non-recurring events, whether positive or negative; and
- Individual performance contributions and achievements.

For 2023, the Company achieved \$146 million in Adjusted EBITDA. As a result, the organizations bonus pool was funded at 6.6%. Actual award amounts were also based on our strong performance as described in the "2023 Business Overview" section above, the significant contributions of the named executive officers to drive our success during a volatile period within the value-based care sector, and the additional efforts of Brandon K. Sim, M.S. and Chandan Basha, M.B.A. to successfully execute the CFC acquisition, which is our Company's most significant acquisition to date. Annual cash bonus awards to each of the named executive officers are listed in the Summary Compensation Table.

Equity Compensation Awards

Our Compensation Committee believes that in order to appropriately incentivize the named executive officers to create stockholder value, a significant portion of their compensation should be in the form of equity-based compensation. Our equity-based compensation program is designed to promote stock ownership by our executives and senior management, tie compensation realized to stock price performance and encourage retention.

In 2023, the Compensation Committee granted long-term equity incentive awards using a mix of time-based and performance-based restricted stock awards for each of the named executive officers.

Time-based restricted stock awards are intended to provide the named executive officers with the economic equivalent of a direct ownership interest in the Company during the vesting period and provide us with significant retention security regardless of post-grant share price volatility. Performance-based restricted stock awards link actual earned award values to the achievement of certain financial and/or operational objectives and to drive long-term stockholder value.

A Closer Look at Performance-Based Equity. For 2023, our Chief Executive Officer's performance-based equity was granted in two separate tranches and vests contingent upon achieving specific Revenue and Adjusted EBITDA milestones by the end of fiscal year 2025:

	Revenue Target	Adjusted EBITDA Target
Tranche 1	\$1.514 billion	\$121 million
Tranche 2	\$1.675 billion	\$134 million

These targets reflect a Compound Annual Growth Rate (CAGR) of 18% and 20% for Tranche 1 Revenue and Tranche 2 Revenue, respectively, and an 8% Adjusted EBITDA margin for each tranche, based on the target Revenue, reinforcing our commitment to outperformance in our industry. For 2023, other named executive officers were granted performance equity based on similarly challenging financial milestones to that of Mr. Sim, and included additional quantitative goals tailored to their respective roles. The grants made to the named executive officers in 2023 are set forth in the Grants of Plan-Based Awards and Outstanding Equity Awards tables that follow.

OTHER PRACTICES, POLICIES & GUIDELINES

Stock Ownership Guidelines

The Board believes that it is important to promote the alignment of the interests of executives and non-employee directors with the interests of the Company's stockholders. Accordingly, the Board adopted formal stock ownership guidelines in April 2024. Under the guidelines, each named executive officers is required to hold shares of the Company's stock as set forth below:

Position	Guideline
CEO	Five times base salary
Section 16 Officers (other than CEO)	Three times base salary
Non-Employee Directors	Three times annual cash retainer

Executives and directors will have five (5) years from the date of implementation of the stock ownership guidelines or, if later, five (5) years from their initial appointment as a Section 16 Officer or director to attain the ownership threshold.

Until the executive or non-employee director satisfies the guidelines, he or she will be required to retain at least 50% of any shares received upon the vesting of restricted stock, the settlement of restricted stock units, the exercise of stock options, the exercise of purchase rights under an employee stock purchase plan, or the settlement of any other equity awards, in each case net of shares tendered or withheld to cover applicable tax withholding obligations or the applicable exercise price of the award.

Shares that count toward satisfying the guidelines include shares owned directly by executive or non-employee director, shares owned indirectly (e.g., by a spouse or a trust), shares represented by amounts invested in a 401(k) plan or credited to an executive's or non-employee director's account under a nonqualified deferred compensation plan maintained by the Company or an affiliate; and outstanding unvested time-based restricted stock or time-based restricted stock units.

Unexercised stock options (whether vested or unvested) and unvested performance-based restricted stock and performance-based restricted stock units (or other unvested equity awards subject to performance goals) shall not be counted toward the satisfaction of guidelines.

Compensation Recovery Policy

We adopted a Compensation Recovery Policy (sometimes referred to as a "clawback" policy) effective as of October 2, 2023. Our Compensation Recovery Policy provides for the recoupment of certain incentive-based executive compensation in the event that the Company is required to prepare an accounting restatement of its financial statements due to material noncompliance with any financial reporting requirement under the securities laws, including any required accounting restatement to correct an error in previously issued financial statements that is material to the previously issued financial statements, or that would result in a material

misstatement if the error were corrected in the current period or left uncorrected in the current period. In the event of an applicable restatement, the Compensation Recovery Policy provides that the Compensation Committee will cause the Company to promptly recover any erroneously awarded incentive-based compensation received by any covered executive officer during the three completed fiscal years immediately preceding the date on which the Company is required to prepare such an accounting restatement. Covered executive officers include both current and former executive officers. Incentive-based compensation includes any compensation that is granted, earned or vested based wholly or in part on the attainment of a financial reporting measure. Financial reporting measures are those that are determined and presented in accordance with the accounting principles used in preparing the Company's financial statements, and any measures that are derived wholly or in part from such measures, regardless of whether such measures are presented within the Company's financial statements or included in a filing with the SEC. With limited exceptions, the amount required to be recovered in the event of an accounting restatement generally will equal the amount of incentive-based compensation received by the covered executive officer that exceeds the amount of such compensation that otherwise would have been received had it been determined based on the restated amounts, computed without regard to any taxes paid. The Compensation Recovery Policy is intended to comply with the requirements of SEC Rule 10D-1 under the Securities Exchange Act and the listing requirements of the Nasdaq Stock Market and the Compensation Recovery Policy is effective with respect to covered incentive-based compensation received on or after October 2, 2023.

Insider Trading Policy

The Company's Board of Directors has adopted an insider trading policy ("Insider Trading Policy") that applies to all of the Company's directors, officers and other personnel including employees, consultants, and contractors to the Company, to prevent the misuse of confidential information about the Company, as well as other companies with which the Company has a business relationship, and to promote compliance with the securities laws. Among other things, the Insider Trading Policy prohibits engaging in transactions in securities on material non-public information and prohibits directors, executive officers and certain other personnel from buying or selling the Company's securities during certain periods, except pursuant to an approved trading plan under Rule 10b5-1 of the Securities Exchange Act of 1934, as amended ("Rule 10b5-1"). In addition, certain individuals, including directors and officers, are required to receive prior approval from the Corporate Secretary prior to engaging in transactions in the Company's securities. The Insider Trading Policy also sets forth mandatory guidelines that apply to all executive officers, directors and employees of the Company who adopt Rule 10b5-1 plans for trading in the Company's securities, which are intended to ensure compliance with Rule 10b5-1 and to conform to best practices with respect to the design and implementation of Rule 10b5-1 plans.

Hedging Policy

The Company has determined that there is a substantial likelihood for the appearance of improper conduct by Company personnel when they engage in short-term or speculative securities transactions. Therefore, under the Company's Insider Trading Policy, Company personnel are prohibited from engaging in any of the following activities involving the Company's shares, except with the prior written consent of the Chief Executive Officer (formerly the Co-Chief Executive Officers), as the compliance officer responsible for the administration of the policy

- purchasing the Company's securities on margin;
- pledging Company securities;
- short sales;
- buying or selling puts or calls; and
- engaging in options transactions (other than where the options were granted by the Company).

Executive Officers' Benefits and Perquisites

We provide the opportunity for our named executive officers and other executives to receive certain limited perquisites and general health and welfare benefits and participate in our defined contribution 401(k) plan. We provide these benefits to create additional incentives for our executive officers and to remain competitive in the general marketplace for executive talent.

Nonqualified Deferred Compensation Plan

Effective July 1, 2023, we adopted a nonqualified deferred compensation plan (the "Deferred Compensation Plan") that allows certain employees, including the named executive officers, to elect to defer receipt of a portion of their base salary and bonus payments. The Company also has the discretionary authority to make contributions to participant accounts under the Deferred Compensation Plan. Amounts deferred under the Deferred Compensation Plan are credited with earnings (or losses)

based on notional investment options elected by the participant until payment in accordance with the participant's payment elections and the terms of the Deferred Compensation Plan.

Executive Employment Agreements

Employment Agreements in Effect During Fiscal 2023

We have entered into employment agreements with each of our named executive officers, which set terms and conditions of each executive's employment. The employment agreement in effect during fiscal 2023 generally have initial terms of one year with automatic renewals and provides for annual cash bonuses as determined by the board of directors in its discretion consistent with the Company's business plan, eligibility to receive cash or equity awards under the long-term incentive plans, and other benefits, including the payment of premiums for medical, dental, vision, disability, and life insurance.

Additionally, the employment agreement of each named executive officer, as in effect during fiscal 2023, provides that the executive officer's employment may be terminated by the employer (a) in the event of death or disability of the executive officer, (b) without cause (as defined in the employment agreement) upon thirty (30) to sixty (60) days advance written notice, or (c) for cause at any time. The executive officer may terminate his employment at any time and for any reason, including for good reason (as defined in the employment agreement). Upon termination of the executive officer's employment by the employer for cause or by the executive officer without good reason, the executive officer shall be paid any earned but unpaid base salary or annual bonus through the date of termination, accrued but unused paid time off and unpaid expense reimbursements. Upon termination of the executive officer's employment by the employer without cause or by the executive officer for good reason, in addition to the amounts described in the preceding sentence, the executive officer shall be entitled to receive an amount equal to one-twelfth (1/12) of the executive officer's most recent base salary times the number of full years of service completed, not to exceed twelve (12) years. In addition, upon the termination of the executive officer's employment by the employer without cause, by the executive officer for good reason, or as a result of the executive officer's death or disability, the executive officer will be 100% vested with respect to any outstanding long-term incentive awards (subject to the actual achievement of any applicable performance goals for long-term incentive awards subject to corporate or business performance goals). Each employment agreement also contains restrictive covenants for the Company's benefit, including confidentiality, non-solicitation and inventions assignment provisions.

2024 Amended and Restated Employment Agreements for CEO and COO/CFO

Effective April 2, 2024, the Company entered into amended and restated employment agreements with our President and Chief Executive Officer, Brandon K. Sim, M.S., and with our Chief Operating Officer and Chief Financial Officer, Chandan Basho, M.B.A. (the "2024 Employment Agreements"). Each of the 2024 Employment Agreements has an initial term of three years ending on April 2, 2027, and will automatically renew for successive one-year terms on each annual anniversary thereafter, unless either party provides written notice of intent not to renew at least sixty days prior to that date.

Under his 2024 Employment Agreement, Mr. Sim is entitled to receive an annual base salary of \$850,000 and a target annual cash bonus opportunity of 125% of his annual base salary, and under his 2024 Employment Agreement, Mr. Basho is entitled to receive an annual base salary of \$600,000 and a target annual cash bonus opportunity of 80% of his annual base salary. Mr. Sim and Mr. Basho are eligible to participate in any long-term incentive plan available to similarly positioned executives, and they also are eligible to participate in the employee benefit plans offered to the Company's employees. The employee benefits of Mr. Sim and Mr. Basho will include (i) Company-paid premiums for medical, dental and vision care coverage; (ii) Company-paid insurance premiums for short-term and long-term disability insurance, providing for no less than 60% of annual base salary; and (iii) Company-paid insurance premiums for term life insurance providing for no less than two million dollars of coverage.

Each of the 2024 Employment Agreements provides that if the employment of Mr. Sim or Mr. Basho is terminated by the Company without cause or by the executive for good reason, then, in addition to any earned but unpaid base salary or annual bonus, accrued but unused paid time off and unpaid expense reimbursements, Mr. Sim or Mr. Basho would be entitled to receive the following severance benefits, subject to his provision of a release of claims in favor of the Company: (i) one year of annual base salary, or two years of annual base salary, if his termination occurs within two years following a "Change of Control" (as defined in the 2024 Employment Agreement); and (ii) subject to his election of continued coverage under COBRA, an amount in cash equal to the Company's premium amounts paid for his coverage under the Company's group medical, dental and vision programs for a period of twelve months, or a period of twenty-four months, if his termination occurs within two years following a Change of Control. In addition, if the employment of Mr. Sim or Mr. Basho is terminated by the Company without cause, by him for good reason, or as a result of his death or disability, Mr. Sim or Mr. Basho will be 100% vested with respect to any outstanding long-term incentive awards (subject to the actual achievement of any applicable performance goals for long-term incentive awards subject to

corporate or business performance goals). Each 2024 Employment Agreement also contains restrictive covenants for the Company's benefit, including confidentiality, non-solicitation and inventions assignment provisions.

Impact of Tax and Accounting

Our Compensation Committee considers the tax and accounting consequences of compensation paid under our executive compensation program. However, our Compensation Committee believes that its primary responsibility is to maintain an executive compensation program that attracts, retains and rewards our executives. Accordingly, our Compensation Committee has paid, and may continue to pay, in its discretion, compensation that is not fully deductible or is limited as to tax deductibility.

Compensation Risk

Our Compensation Committee reviewed the compensation policies and practices of the Company that could have a material impact on the Company. The Compensation Committee's review considered whether any of these policies and practices may encourage inappropriate risk-taking, whether any policy or practice may give rise to risks that are reasonably likely to have a material adverse effect on us, and whether it would recommend any changes to the Company's compensation policies and practices. The Compensation Committee also reviewed risk-mitigating controls with the Board, such as the degree of committee and senior management oversight of each compensation program and the level and design of internal controls over such programs. Based on these reviews, the Company determined that risks arising from its compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

The value shown of the stock awards is based on the fair market value of the Company's common stock on the date of grant and was computed by multiplying the number of shares awarded to each officer by the closing price of the Company's common stock on the date of grant. The amount shown for the stock award excludes the impact of estimated forfeiture related to service-based vesting conditions and may not correspond to the actual value that is recognized by each officer upon the vesting of such grant. The amount shown in this column for Mr. Basho also includes the incremental fair value of \$298,625, as computed in accordance with FASB ASC Topic 718, attributable to the modification of Mr. Basho's outstanding restricted stock awards on May 16, 2023, the date that the Compensation Committee approved changes to the number of restricted shares and the previously-established performance goals applicable to those awards.

Nonqualified Deferred Compensation

Effective July 1, 2023, the company adopted the Astrana Health, Inc. Nonqualified Deferred Compensation Plan (the “Deferred Compensation Plan”), a nonqualified deferred compensation plan that allows certain employees, including the named executive officers, to elect to defer receipt of a portion of their base salary and bonus payments. The Company also has the discretionary authority to make Company contributions to participant accounts under the Deferred Compensation Plan. Amounts deferred under the Deferred Compensation Plan are credited with earnings (or losses) based on notional investment options elected by the participant until payment in accordance with the participant’s payment elections and the terms of the Deferred Compensation Plan.

The table below sets forth information regarding executive and company contributions, earnings and withdrawals during 2023 and the account balances as of December 31, 2023, for the named executive officers under the Deferred Compensation Plan:

Name	Executive Contributions in Last FY ⁽¹⁾ (\$)	Company Contributions in Last FY (\$)	Aggregate Earnings (Losses) in Last FY ⁽²⁾ (\$)	Aggregate Withdrawals/Distributions (\$)	Aggregate Balance at Last FYE ⁽³⁾ (\$)

(2) Aggregate earnings (losses) in the last fiscal year are not reflected in the 2023 Summary Compensation Table because the earnings (losses) were neither preferential nor above-market.

(3) The Deferred Compensation Plan did not become effective until July 1, 2023. Accordingly, no portion of the aggregate balance at the last fiscal year end was previously reported in the Summary Compensation Table for any executive for any prior fiscal year.

Chandan Basha, M.B.A. (Chief Financial Officer, Chief Operating Officer and Corporate Secretary) entered into an employment agreement with the Company’s wholly owned subsidiary, AHM, on April 12, 2022.

Albert Young, M.D., M.P.H.	Chief Administrative Officer	\$ 400,000

The employment agreement of each named executive officer, as in effect on December 31, 2023, has an initial term of one (1) year with automatic renewals and provides for annual cash bonuses as determined by the board of directors in its discretion consistent with the Company's business plan, eligibility to receive cash or equity awards under the long-term incentive plans, and other benefits, including the payment of premiums for medical, dental, vision, disability, and life insurance.

Additionally, the employment agreement of each named executive officer, as in effect on December 31, 2023, provides that the executive officer's employment may be terminated by the employer (a) in the event of death or disability of the executive officer, (b) without cause (as defined in the employment agreement) upon thirty (30) to sixty (60) days advance written notice, or (c) for cause at any time. The executive officer may terminate his employment at any time and for any reason, including for good reason (as defined in the employment agreement). Upon termination of the executive officer's employment by the employer for cause or by the executive officer without good reason, the executive officer shall be paid any earned but unpaid base salary or annual bonus through the date of termination, accrued but unused paid time off and unpaid expense reimbursements. Upon termination of the executive officer's employment by the employer without cause or by the executive officer for good reason, in addition to the amounts described in the preceding sentence, the executive officer shall be entitled to receive an amount equal to one-twelfth (1/12) of the executive officer's most recent base salary times the number of full years of service completed, not to exceed twelve (12) years. Each employment agreement also contains restrictive covenants for the Company's benefit, including confidentiality, non-solicitation and inventions assignment provisions.

The foregoing description of the employment agreements does not purport to be complete and is qualified in its entirety by the full text of the employment agreements, copies of which the Company filed as exhibits to the Company's quarterly report on Form 10-Q for the quarter ended June 30, 2020, Form 10-Q for the quarter ended June 30, 2022, and Form 10-K for the year ended December 31, 2023.

The following table sets forth estimates of the payments and benefits each named executive officer would have been entitled to receive from us upon a termination of employment by the Company without cause or by the executive for good reason, assuming that such termination had occurred December 31, 2023. In accordance with SEC rules, the potential payments were determined under the terms of our contracts, agreements, plans and arrangements as in effect on December 31, 2023. The tables do not include any previously vested awards or accrued benefits. Because the payments to be made to a named executive officer depend on several factors, the actual amounts to be paid out upon a triggering event can only be determined at the time of the triggering event. Amounts reported for accelerated vesting of equity awards are determined based on the closing price of our common stock on December 29, 2023, and, for performance-based equity awards, assuming that all performance conditions had been satisfied as of the last day of the 2023 fiscal year. The estimated amounts reported in the table below for accelerated vesting of equity awards also would have been received if the employment of each of the named executive officers had terminated on the last day of the 2023 fiscal year as a result of death or disability.

Compensation Risk

Our Compensation Committee reviewed the compensation policies and practices of the Company that could have a material impact on the Company. The Compensation Committee's review considered whether any of these policies and practices might encourage inappropriate risk-taking, whether any policy or practice may give rise to risks that are reasonably likely to have a material adverse effect on us, and whether it would recommend any changes to the Company's compensation policies and practices. The Compensation Committee also reviewed risk-mitigating controls with the Board, such as the degree of committee and senior management oversight of each compensation program and the level and design of internal controls over such programs. Based on these reviews, the Company determined that risks arising from its compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

In 2023, the members of our Compensation Committee were Mitchell Kitayama (chairman), David Schmidt, and John Chiang. None of these committee members (1) was an officer or employee of the Company during or prior to the time they served on the Compensation Committee or (2) had any relationship requiring disclosure by the Company pursuant to any paragraph of Item 404 of SEC Regulation S-K. None of the Company's executive officers served on the board of directors or compensation committee of a company that had an executive officer who served as a member of our Board or Compensation Committee.

CEO PAY RATIO

As required by applicable SEC rules, we are providing the following information about the relationship between the annual total compensation paid to the median employee and the annual total compensation of each of our former Co-Chief Executive Officers, Dr. Lam and Mr. Sim, who held such roles until January 19, 2024.

For 2023, our last completed fiscal year, the median of the annual total worldwide compensation of our employees (other than our Co-Chief Executive Officers) was \$55,555. As reported in the Summary Compensation Table, the annual total compensation of Dr. Lam and Mr. Sim was \$5,217,562 and \$14,311,250, respectively.

Based on this information, for 2023, the ratio of the annual total compensation of Dr. Lam and Mr. Sim to the median of the annual total compensation of all our employees (other than our Co-Chief Executive Officers) was 94 to 1 and 258 to 1, respectively. We took the following steps to identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of our median employee and our Co-Chief Executive Officers:

- We determined that, during the year ended December 31, 2023, our employee population consisted of approximately 1,800 individuals, excluding our Co-Chief Executive Officers. This population consisted of full-time and part-time employees employed with us during the period.
- We identified our median employee from that employee population based on annual total compensation.
- For the annual total compensation of our median employee, we calculated the elements of that employee's compensation for 2023 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$55,555.
- For the annual total compensation of Mr. Sim and Dr. Lam, who were each serving as our Co-Chief Executive Officers on December 31, 2023, we used the amounts reported for 2023 in the "Total" column of the Summary Compensation Table included in this proxy statement.

PAY V. PERFORMANCE

Below is the disclosure of the compensation of the Company's Principal Executive Officers ("PEOs") and as an average for all of our other named executive officers ("Non-PEO NEOs") for the last four fiscal years calculated in accordance with the recently adopted Item 402(v) of Regulation S-K. Item 402(v). The table below also shows (i) the Company's cumulative total stockholder return (or "TSR"), (ii) the TSR of the S&P 500 Healthcare Index, which we have used as our peer group for purposes of disclosure in the table below, (iii) the Company's net income for the applicable fiscal year, and (iv) the Company's performance with respect to a "company-selected measure" (or "CSM") which in our assessment represents the single most important financial performance metric used to link compensation actually paid to our named executive officers for the most recently completed fiscal year to the Company's performance. We selected Adjusted EBITDA as the CSM required for disclosure in the table below.

- (1) Stock option fair values are calculated at each measurement date using a Black-Scholes valuation model, consistent with the approach used to value the awards at the grant date. Stock option fair values as of each measurement date were determined using updated assumptions (the closing stock price of our Common Stock as of the measurement date, risk-free interest rate, expected life, expected volatility of the price of our Common Stock, and expected dividend yield) and fair value increases are primarily driven by an increase in the price of the Company's Common Stock.

The following tables set forth information, as of the Record Date, regarding the beneficial ownership of each class of our outstanding equity securities by:

- each person whom we know beneficially owns more than 5% of any class of our outstanding securities;
- each of our directors and nominees for the Board;
- each named executive officer listed in the Summary Compensation Table; and
- all of our directors and executive officers, including named executive officers, as a group.

Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons and entities named in the tables below have sole voting and investment power with respect to all shares of our common stock that they beneficially own, subject to applicable community property laws. Applicable percentage ownership is based on 56,025,538 shares of the Company's common stock, issued and outstanding, as of the Record Date, according to the records maintained by our transfer agent. In computing the number of shares of stock beneficially owned by a person and the percentage ownership of that person, we deemed to be outstanding all shares subject to options, warrants, and convertible securities held by that person or entity that are currently exercisable or convertible or that will become exercisable or convertible within 60 days following

the Record Date for the purpose of computing the ownership percentage of that person, but such shares are not considered outstanding for the purpose of computing the percentage ownership of any other person. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The Company's 2010 Equity Incentive Plan (the "2010 Plan"), pursuant to which 500,000 shares of the Company's common stock were reserved for issuance thereunder, was approved by the Company's stockholders on March 4, 2010. The Company's 2013 Equity Incentive Plan (the "2013 Plan"), pursuant to which 500,000 shares of the Company's common stock were reserved for issuance thereunder, was approved by the Company's stockholders as of April 29, 2013. As of December 31, 2023, there were no shares available for grant under the 2010 Plan or the 2013 Plan. The 2015 Plan, pursuant to which 1,500,000 shares of the Company's common stock were reserved for issuance thereunder, was approved by the Company's stockholders on September 14, 2016. In 2021, the 2015 Plan was amended to increase the maximum number of shares authorized for issuance by 2,000,000 shares, from 1,500,000 shares to 3,500,000 shares. In addition, shares that are subject to outstanding grants under the 2010 and 2013 Plans but would have been restored to such plans' reserve due to award forfeitures and terminations are rolled into, and become available for awards under, the 2015 Plan.

On November 15, 2023, the Company adopted the Employment Inducement Award Plan (the "Inducement Plan"), pursuant to which the Company may from time to time grant equity-based awards to new employees as a material inducement to their employment. A total of 500,000 shares of the Company's common stock have been reserved for issuance pursuant to awards granted under the Inducement Plan (subject to adjustment as provided in the Inducement Plan).

The following table sets forth information concerning our stockholder-approved and non stockholder-approved equity compensation plans as of December 31, 2023:

PROPOSAL 4

APPROVAL OF THE ASTRANA HEALTH, INC. 2024 EQUITY INCENTIVE PLAN

Introduction

The Board believes that an equity-based incentive program is an important factor in attracting and retaining highly qualified officers, employees, non-employee directors and consultants, and that equity-based incentives help to align the interests of those persons with the interests of our stockholders. Accordingly, the Board unanimously adopted the Astrana Health, Inc. 2024 Equity Incentive Plan (the “2024 Plan”) on February 28, 2024, subject to approval of the 2024 Plan by our stockholders at the 2024 Annual Meeting.

The 2024 Plan, if approved by our stockholders, will be the successor to the Company’s 2015 Equity Incentive Plan (the “2015 Plan”). If the 2024 Plan is approved by our stockholders, no further awards will be made under the 2015 Plan after the date of stockholder approval of the 2024 Plan. However, all awards granted under the 2015 Plan that are outstanding on the date of stockholder approval of the 2024 Plan will remain outstanding in accordance with their terms.

Stockholders are asked to approve the 2024 Plan to authorize 2,100,000 shares of our common stock (“shares”) for issuance under the 2024 Plan. Stockholders are also being asked to approve the 2024 Plan in order to satisfy the rules of the Nasdaq Stock Market relating to stockholder approval of equity compensation plans and to authorize the grant of stock options under the 2024 Plan that are intended to qualify for treatment as incentive stock options for purposes of Section 422 of the Internal Revenue Code.

The Board believes that the 2024 Plan is necessary for the Company to continue to provide appropriate incentives for outstanding service and to assist in recruiting and retaining highly qualified individuals as employees, non-employee directors and consultants. Unless our stockholders approve the 2024 Plan, we may be required to increase the cash component of our compensation mix, which may inhibit our ability to retain and recruit highly qualified officers, employees, non-employee directors and consultants and align their interests with the interests of our stockholders.

We believe that the shares requested under the 2024 Plan will be sufficient for the Company to continue its equity compensation program for approximately four years. However, there can be no certainty as to the future use of shares under the 2024 Plan (assuming it is approved by stockholders) because we may grant a different mix of equity awards than in the past, and because other factors, such as our share price, may affect the rate at which shares are utilized under the 2024 Plan.

Certain key features of the 2024 Plan are described below:

Feature	Description
Reasonable Share Reserve	The total number of shares that may be issued pursuant to awards granted under the 2024 Plan will be limited to 2,100,000 shares.
Responsible Share Counting Provisions	The 2024 Plan does not permit “liberal share recycling.” Only awards that are cancelled, forfeited or paid only in cash can be added back to the 2024 Plan’s share reserve. Shares withheld to satisfy a tax withholding obligation or pay the exercise price of a stock option will not be added back to the 2024 Plan’s share reserve, and neither will any shares repurchased by the Company using stock option proceeds.
Minimum Vesting Periods	The 2024 Plan generally requires that awards be granted with a minimum vesting period of at least one year for full vesting of the award (or, for non-employee directors, a period of at least 50 weeks ending on the date of the next annual meeting of stockholders). However, 5% of the total number of shares authorized for issuance under the 2024 Plan may be used without imposing this minimum vesting requirement.
Director Compensation Limit	The 2024 Plan includes an annual limit on compensation of our non-employee directors (other than our Chair and Vice Chair). Specifically, the aggregate grant date fair value of all awards granted to a non-employee director (other than a Chair or Vice Chair of the Board) under the 2024 Plan during any single fiscal year, together with any cash compensation earned by that non-employee director during the fiscal year, may not exceed \$750,000.

Feature	Description
No “Liberal” Change of Control Definition	The 2024 Plan does not include a “liberal” change of control definition, which means that a change of control must actually occur in order for the change of control provisions of the 2024 Plan to apply.
Double-Trigger Vesting	The 2024 Plan provides that, in the event of a change of control, awards generally will vest on a “double-trigger” basis. That is, if the awards are assumed or substituted by the acquiring or surviving company, they generally will continue to be subject to the original vesting schedule, except that vesting generally will accelerate as provided in the 2024 Plan in the event of a qualifying termination of employment within two years after the change of control. If awards are not assumed or substituted by the acquiring or surviving company, they generally will become vested upon the change of control as provided in the 2024 Plan.
No Repricing of Stock Options or SARs Without Stockholder Approval	The 2024 Plan does not permit the “repricing” of stock options or stock appreciation rights without stockholder approval. This includes repricing by exchange for cash or a new or different type of award.
Clawback Policy	Awards granted under the 2024 Plan will be subject to recovery (or “clawback”) of our compensation recovery policy as in effect from time to time.
No Discounted Stock Options or SARs	The 2024 Plan does not permit the use of “discounted” stock options or stock appreciation rights, which means that such awards must be granted with an exercise price or base price at least equal to the fair market value of a share on the date of grant.
Administered by an Independent Committee	The 2024 Plan generally will be administered by the compensation committee. However, the Board will approve awards to non-employee members of the Board. The compensation committee and the Board may also delegate authority under the 2024 Plan as permitted by applicable law.

Summary of the Plan

The following summary of the 2024 Plan, which is qualified in its entirety by the full text of the 2024 Plan attached to this proxy statement as Annex A.

Eligibility and Types of Awards

The 2024 Plan authorizes the grant of equity-based and cash-based compensation awards to those officers and employees of, and consultants to, the Company and its subsidiaries who are selected by the compensation committee, and the 2024 Plan also authorizes the Board to grant awards to the non-employee directors of the Company. Awards under the 2024 Plan may be granted in the form of stock options, stock appreciation rights (or “SARs”), restricted shares, restricted share units, and other share-based awards. If approved by stockholders, approximately 8 non-employee directors, 800 employees and 50 consultants would be eligible to be selected to receive awards under the 2024 Plan. Individuals selected to receive awards under the 2024 Plan are referred to as “participants.”

Administration

The compensation committee, which is comprised of non-employee directors, generally will administer awards granted under the 2024 Plan. To the extent permitted by applicable law, the compensation committee or the Board may delegate its authority to one or more employees or directors of the Company. Further, the Board has reserved to itself the authority to grant awards to the non-employee members of the Board, and the Board may reserve to itself any of the compensation committee’s other authority and may act as the administrator of the 2024 Plan.

Shares Available

Subject to adjustments as described below, the total number of shares that may be delivered under the 2024 Plan will not exceed 2,100,000 shares, all of which may be issued pursuant to awards of incentive stock options. Shares tendered or withheld to pay the exercise price of a stock option or to cover tax withholding will not be added back to the number of shares available under the 2024 Plan. Upon exercise of any stock appreciation right that may be settled in shares, the full number of shares subject to that

award will be counted against the number of shares available under the 2024 Plan, regardless of the number of shares used to settle the stock appreciation right upon exercise. To the extent that any award under the 2024 Plan or any award granted under the 2015 Plan is forfeited, or any option or stock appreciation right terminates, expires or lapses without being exercised, the shares subject to such awards granted but not delivered will be added to the number of shares available for awards under the 2024 Plan. Shares available for awards under the 2024 Plan may consist of authorized and unissued shares, treasury shares (including shares purchased by the Company in the open market) or a combination of the foregoing.

Director Compensation Limit

The 2024 Plan provides that the aggregate grant date fair value of all awards granted to a non-employee director (other than a Chair or Vice Chair of the Board) under the 2024 Plan during any single fiscal year, together with any cash compensation earned by that non-employee director during the fiscal year, may not exceed \$750,000.

Stock Options

Subject to the terms and provisions of the 2024 Plan, options to purchase shares may be granted to participants at any time and from time to time as determined by the compensation committee. Options may be granted as incentive stock options (to employees only) or as nonqualified stock options. The compensation committee will determine the number of options granted to each recipient. Each option grant will be evidenced by an award agreement that specifies whether the options are intended to be incentive stock options or nonqualified stock options and such additional limitations, terms and conditions as the compensation committee may determine, consistent with the provisions of the 2024 Plan.

The exercise price for each stock option may not be less than 100% of the fair market value of a share on the date of grant, and each stock option shall have a term no longer than 10 years. As of the Record Date, the fair market value per share of the Company's common stock was \$37.48. Stock options granted under the Plan may be exercised by such methods and procedures as determined by the compensation committee from time to time.

Stock Appreciation Rights

The compensation committee in its discretion may grant SARs to participants under the 2024 Plan. A SAR entitles the holder to receive from the Company upon exercise an amount equal to the excess, if any, of the aggregate fair market value of a specified number of shares that are the subject of such SAR over the aggregate exercise price for the underlying shares. The exercise price for each SAR may not be less than 100% of the fair market value of a share on the date of grant, and each SAR shall have a term no longer than 10 years.

We may make payment in settlement of the exercise of a SAR by delivering shares, cash or a combination of shares and cash as set forth in the applicable award agreement. Each SAR will be evidenced by an award agreement that specifies the date and terms of the award and such additional limitations, terms and conditions as the compensation committee may determine, consistent with the provisions of the 2024 Plan.

Restricted Shares

Under the Plan, the compensation committee may grant or sell restricted shares to participants (*i.e.*, shares that are subject to a substantial risk of forfeiture based on continued service to the Company and/or the achievement of performance objectives, and that are subject to restrictions on transferability). Except for these restrictions and any others imposed by the compensation committee, upon the grant of restricted shares, the recipient generally will have rights of a stockholder with respect to the restricted shares, including the right to vote the restricted shares and to receive dividends and other distributions paid or made with respect to the restricted shares. However, any dividends payable with respect to unvested restricted shares will be accumulated or reinvested in additional restricted shares on a contingent basis, subject to forfeiture until the vesting of the underlying award. During the applicable restriction period, the participant may not sell, transfer, pledge, exchange or otherwise encumber the restricted shares. Each award of restricted shares will be evidenced by an award agreement that specifies the terms of the award and such additional limitations, terms and conditions, which may include restrictions based upon the achievement of performance objectives, as the compensation committee may determine.

Restricted Share Units

The compensation committee may grant or sell restricted share units to participants under the 2024 Plan. Restricted share units constitute an agreement to deliver shares (or an equivalent value in cash) to the participant at the end of a specified restriction

period and/or upon the achievement of specified performance objectives, subject to such other terms and conditions as the compensation committee may specify, consistent with the provisions of the 2024 Plan. Restricted share units are not shares of common stock and do not entitle the participants to any of the rights of a stockholder. Restricted share units will be settled, in cash or shares, in an amount based on the fair market value per share on the settlement date. Each restricted share unit award will be evidenced by an award agreement that specifies the terms of the award and such additional limitations, terms and conditions as the compensation committee may determine, which may include restrictions based upon the achievement of performance objectives.

Other Share-Based Awards

The compensation committee may grant other share-based awards to participants under the 2024 Plan. Other share-based awards are awards that are valued in whole or in part by reference to shares or are otherwise based on the value of our common stock, such as unrestricted shares or time-based or performance-based units that are settled in shares and/or cash. Each other share-based award will be evidenced by an award agreement that specifies the terms of the award and such additional limitations, terms and conditions as the compensation committee may determine, consistent with the provisions of the 2024 Plan.

Dividend Equivalents

As determined by the compensation committee, in its discretion, awards (other than stock options and stock appreciation rights) may provide the participant with a deferred and contingent right to receive dividend equivalents, either in cash or in additional shares. Any such dividend equivalents will be accumulated or deemed reinvested on a contingent basis, subject to forfeiture until such time as the underlying award becomes vested (including, where applicable, vesting based on the achievement of performance objectives). No dividend equivalents may be granted with respect to shares underlying any stock option or SAR.

Performance Objectives

The compensation committee may establish performance objectives in connection with any award granted under the 2024 Plan. Any such performance objectives may relate to the performance of the Company or one or more of our subsidiaries, divisions, departments, units, functions, partnerships, joint ventures or minority investments, product lines or products, or the performance of an individual participant, and performance objectives may be made relative to the performance of a group or companies or a special index of companies. Any such performance objectives will be based on the achievement of one or more criteria selected by the Compensation Committee, which may include (but shall not be limited to) the following: (i) revenue; (ii) earnings before interest, taxes, depreciation and amortization, as adjusted (EBITDA as adjusted); (iii) income before income taxes and minority interests; (iv) operating income; (v) pre- or after-tax income; (vi) average accounts receivable; (vii) cash flow; (viii) cash flow per share; (ix) net earnings; (x) basic or diluted earnings per share; (xi) return on equity; (xii) return on assets; (xiii) return on capital; (xiv) growth in assets; (xv) economic value added; (xvi) share price performance; (xvii) total stockholder return; (xviii) improvement or attainment of expense levels; (xix) market share or market penetration; (xx) business expansion, and/or acquisitions or divestitures; or (xxi) environmental, social or governance metrics.

Minimum Vesting Period

The 2024 Plan generally provides for awards to be granted with a minimum vesting period of at least one year for full vesting of the award (or, for non-employee directors, a period of at least 50 weeks ending on the date of the next annual meeting of stockholders). However, up to 5% of the total number of shares authorized for issuance under the 2024 Plan may be issued pursuant to awards that do not meet this minimum vesting requirement. Further, awards granted under the 2024 Plan may be scheduled to vest in installments during the applicable vesting period, and the compensation committee may provide for accelerated vesting of awards at any time.

Change of Control

The 2024 Plan provides that, except as otherwise may be provided in an award agreement or in another written agreement with the participant, awards granted under the 2024 Plan will be subject to “double-trigger” vesting in the event of a change of control. That is, awards that are assumed or substituted by the acquiring or surviving company in connection with a change of control will continue to be subject to the original vesting schedule, except that vesting will accelerate (at the “target” level, in the case of awards subject to performance objectives) in the event of a qualifying termination of employment within two years after the change of control (by the Company without “cause” or, if the employee is a party to a written agreement with the Company that defines “good reason”, by the employee for good reason. On the other hand, awards that are not assumed or substituted by the acquiring or surviving company in connection with a change of control will become vested in full (at the “target” level, in the case

of awards subject to performance objectives) upon the change of control. The detailed definition of cause is contained in the 2024 Plan, which is attached to this proxy statement as Annex A.

The 2024 Plan generally defines a change of control to include: (i) the acquisition of more than 50% of the Company's voting securities, (ii) the replacement of a majority of the incumbent members of the Board in a 24-month period, (iii) a merger or consolidation, unless the Company's stockholders own more than 50% of voting securities of the resulting corporation, or (iv) sale of all or substantially of the Company's assets in a transaction requiring stockholder approval. The 2024 Plan, attached to this proxy statement as Annex A, contains the complete, detailed definition of change of control.

Adjustments

In the event of any equity restructuring, such as a stock dividend, stock split, spin-off, rights offering or recapitalization through a large, nonrecurring cash dividend, the compensation committee will adjust the number and kind of shares that may be delivered under the 2024 Plan, the number and kind of shares subject to outstanding awards and the exercise price or other price of shares subject to outstanding awards, to prevent dilution or enlargement of rights. In the event of any other change in corporate capitalization, such as a merger, consolidation or liquidation, the compensation committee may, in its discretion, make such an equitable adjustment to prevent dilution or enlargement of rights. However, unless otherwise determined by the compensation committee, we will always round down to a whole number of shares subject to any award. Moreover, in the event of any such transaction or event, the compensation committee, in its discretion, may provide in substitution for any or all outstanding awards such alternative consideration (including cash) as it, in good faith, may determine to be equitable in the circumstances and may require in connection therewith the surrender of all awards so replaced.

The compensation committee, in its sole discretion, may also provide at any time for the exercisability of outstanding stock options and SARs, the lapse of time-based vesting restrictions and the satisfaction of performance objectives applicable to outstanding awards, or the waiver of any other limitation or requirement under any awards.

Transferability

Except as the compensation committee otherwise determines, awards granted under the 2024 Plan will not be transferable by a participant other than by will or the laws of descent and distribution. Except as otherwise determined by the compensation committee, stock options and SARs will be exercisable during a participant's lifetime only by him or her or, in the event of the participant's incapacity, by his or her guardian or legal representative. Any award made under the 2024 Plan may provide that any shares issued as a result of the award will be subject to further restrictions on transfer.

No Repricing of Stock Options or Stock Appreciation Rights

Except in connection with an adjustment or change of control (both discussed above), the compensation committee may not authorize the amendment of any outstanding stock option or stock appreciation right to reduce its exercise price, and no outstanding stock option or stock appreciation right may be cancelled in exchange for cash or other awards, or cancelled in exchange for stock options or stock appreciation rights having a lower exercise price, or cancelled in exchange for cash, without the approval of our stockholders.

Compensation Recovery Policy

Awards granted under the 2024 Plan shall be subject to forfeiture or recoupment pursuant to the Company's Recovery Policy as in effect from time to time, or any successor compensation recovery (or "clawback") policy.

Stock Ownership Guidelines

Awards granted under the 2024 Plan to directors and covered executives will be subject to any applicable stock ownership guidelines as in effect from time to time, including any stock retention requirements that may apply under those guidelines.

Term of the 2024 Plan; Amendment and Termination

The 2024 Plan was adopted by the Board on February 28, 2024, subject to approval by the Company's stockholders, and no awards may be granted under the 2024 Plan after February 27, 2034, or such earlier date as the Board may decide to terminate the 2024 Plan. The Board may, without stockholder approval, amend or terminate the 2024 Plan, except in any respect as to which stockholder approval is required by the Plan, by law, regulation or the rules of an applicable stock exchange.

Federal Income Tax Consequences

The following is a summary of certain U.S. federal income tax consequences of awards made under the 2024 Plan, based upon the laws in effect on the date hereof. The discussion is general in nature and does not take into account a number of considerations that may apply in light of the circumstances of a particular participant under the 2024 Plan. The income tax consequences under applicable foreign, state and local tax laws may not be the same as under U.S. federal income tax laws.

Non-Qualified Stock Options

A participant will not recognize taxable income at the time of grant of a non-qualified stock option. A participant will recognize compensation taxable as ordinary income (and subject to income tax withholding for employees) upon exercise of a non-qualified stock option equal to the excess of the fair market value of the shares purchased over their exercise price.

Incentive Stock Options

A participant will not recognize taxable income at the time of grant of an incentive stock option. A participant will not recognize taxable income (except for purposes of the alternative minimum tax) upon exercise of an incentive stock option. If the shares acquired by exercise of an incentive stock option are held for the longer of two years from the date the option was granted and more than one year from the date the shares were transferred, any gain or loss arising from a subsequent disposition of such shares will be taxed as long-term capital gain or loss. If, however, such shares are disposed of within either of such two- or one-year periods, then in the year of such disposition the participant will recognize compensation taxable as ordinary income equal to the excess of the lesser of the amount realized upon such disposition and the fair market value of such shares on the date of exercise over the exercise price.

Stock Appreciation Rights

A participant will not recognize taxable income at the time of grant of a SAR. Upon exercise, a participant will recognize compensation taxable as ordinary income (and subject to income tax withholding for employees) equal to the fair market value of any shares delivered and the amount of cash paid upon exercise of the SAR.

Restricted Shares

A participant will not recognize taxable income at the time of grant of restricted shares, unless the participant makes an election under Section 83(b) of the Internal Revenue Code to be taxed at such time. If such election is made, the participant will recognize compensation taxable as ordinary income (and subject to income tax withholding for employees) at the time of the grant equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for the restricted shares. If such election is not made, the participant will recognize compensation taxable as ordinary income (and subject to income tax withholding for employees) at the time the restrictions lapse in an amount equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for the restricted shares.

Restricted Share Units

A participant will not recognize taxable income at the time of grant of a restricted share unit award. A participant will recognize compensation taxable as ordinary income (and subject to income tax withholding for employees) at the time of settlement of the award equal to the fair market value of any shares delivered and the amount of cash paid upon settlement of the award.

Other Share-Based Awards

Generally, participants will recognize taxable income at the time of settlement of other share-based awards, with the amount of income recognized generally being equal to the amount of cash and the fair market value of any shares delivered under the award.

Tax Deductibility of Compensation Provided Under the 2024 Plan

When a participant recognizes ordinary compensation income as a result of an award granted under the 2024 Plan, the Company may be permitted to claim a federal income tax deduction for such compensation, subject to various limitations that may apply under applicable law. As a result of those limitations, there can be no assurance that any compensation awarded or paid under the 2024 Plan will be deductible, in whole or in part. For example, Section 162(m) of the Internal Revenue Code generally

disallows the deduction of compensation in excess of \$1 million per year payable to certain “covered employees.” As a result, all or a portion of the compensation paid to one of our covered employees pursuant to the 2024 Plan may be non-deductible pursuant to Section 162(m).

Further, to the extent that compensation provided under the Plan may be deemed to be contingent upon a change of control, a portion of such compensation may be non-deductible by the Company under Section 280G of the Internal Revenue Code and may be subject to a 20% excise tax imposed on the recipient of the compensation.

Section 409A. Section 409A of the Internal Revenue Code imposes additional tax upon the payment of nonqualified deferred compensation unless certain requirements are met. We intend that awards granted under the 2024 Plan will be designed and administered in such a manner that they are either exempt from the application of, or comply with, the requirements of Section 409A. However, the Company does not warrant the tax treatment of any award under Section 409A or otherwise.

This general discussion of U.S. federal income tax consequences is intended for the information of stockholders considering how to vote with respect to this proposal and not as tax guidance to participants in the 2024 Plan. Different tax rules may apply to specific participants and transactions under the 2024 Plan.

Registration with the SEC

The Company intends to file a Registration Statement on Form S-8 relating to the issuance of the shares reserved for issuance under the 2024 Plan with the Securities and Exchange Commission pursuant to the Securities Act of 1933, as amended, as soon as practicable after approval of the 2024 Plan by the Company’s stockholders.

New Plan Benefits

It generally is not possible to determine specific amounts and types of awards that may be awarded in the future under the 2024 Plan because the grant of awards under the 2024 Plan is discretionary. However, on April 2, 2024, the Compensation Committee granted Performance-Based Restricted Stock Units to the Company’s Chief Executive Officer and President, Brandon K. Sim, M.S., and its Chief Operating Officer and Chief Financial Officer, Chandan Basha, M.B.A., under the 2024 Plan, subject to and contingent upon stockholder approval of the 2024 Plan (the “Contingent PBRsUs”). The Contingent PBRsUs will be automatically forfeited in the event that stockholder approval of the 2024 Plan is not obtained. The Contingent PBRsUs will vest based on the level of achievement of pre-determined Adjusted EBITDA and Revenue performance goals over the three-year performance period beginning January 1, 2024 and ending December 31, 2026, subject to continued employment or other service until the date of the Compensation Committee’s certification of the achievement of such performance goals following the end of the performance period.

Assuming that stockholder approval of the 2024 Plan is obtained, the number of Contingent PBRsUs that may be earned, if at all, and eligible to vest will range between 50% (at threshold) and 200% (at maximum) of the target number of Contingent PBRsUs, depending on the level of achievement of the applicable performance goals.

The following table provides information concerning the Contingent PBRsUs granted to Messrs. Sim and Basha. No Contingent PBRsUs were granted to any other named executive officers, executive officers, current directors who are not executive officers, or current employees who are not executive officers.

PROPOSAL 5

APPROVAL OF AN AMENDMENT TO THE COMPANY’S RESTATED CERTIFICATE OF INCORPORATION TO REFLECT NEW DELAWARE LAW PROVISIONS REGARDING OFFICER EXCULPATION

Background

The State of Delaware, which is the Company’s state of incorporation, amended Section 102(b)(7) of the Delaware General Corporation Law (“Section 102(b)(7)”) on August 1, 2022, to enable Delaware companies to limit or eliminate the monetary liability of certain senior officers in limited circumstances (referred to as “exculpation”). Section 102(b)(7) previously permitted Delaware corporations to exculpate only directors, and the Company’s Certificate of Incorporation currently aligns with the previous Section 102(b)(7) in providing for the exculpation of directors (but not officers). The Company is asking its stockholders to approve an amendment to the Certificate of Incorporation to include a provision exculpating officers of the Company from personal liability for monetary damages associated with claims of breach of the duty of care, as now permitted under the Delaware General Corporation Law (the “Exculpation Amendment”).

Amended Section 102(b)(7) provides that only certain officers may be entitled to exculpation, namely: (i) the corporation’s president, chief executive officer, chief operating officer, chief financial officer, chief legal officer, controller, treasurer or chief accounting officer; (ii) an individual identified in the corporation’s public filings with the SEC as one of the most highly compensated executive officers of the corporation (i.e., the named executive officers); and (iii) an individual who, by written agreement with the corporation, has consented to be identified as an officer for purposes of accepting service of process (collectively, the “covered officers”).

The Exculpation Amendment would permit the exculpation of the covered officers for personal liability for monetary damages in connection with direct claims brought by stockholders for breach of fiduciary duty of care, including class actions. The Exculpation Amendment would not limit the liability of the covered officers for:

- (1) breaches of the duty of loyalty;
- (2) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- (3) any transaction from which the officer derived an improper personal benefit; or
- (4) claims for breach of fiduciary duty of care claims brought by the Company itself, or derivative claims brought by stockholders in the name of the Company.

For clarity, the Exculpation Amendment specifically sets forth those circumstances in which covered officers, as well as directors of the Company, will not be entitled to exculpation, consistent with the provisions of the Delaware General Corporation Law.

Proposed Exculpation Amendment

The Board is asking our stockholders to approve the Exculpation Amendment. The full text of the proposed amendment is set forth below and in Annex B. In Annex B, additions are marked with bold, underlined text and deletions are indicated by struck-out text.

If the Exculpation Amendment is adopted, the text of Article X, subsection (a) of the Certificate of Incorporation will be amended to read in its entirety as follows:

“ARTICLE X

INDEMNIFICATION OF OFFICERS AND DIRECTORS

- (a) Liability to the Corporation or its Stockholders. To the fullest extent permitted by the Delaware General Corporation Law, as it presently exists or may hereafter be amended from time to time, a director or officer of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director or officer, provided that this provision shall not eliminate or limit the liability of (i) a director or officer for any breach of the director’s or officer’s duty of loyalty to the Corporation or its stockholders, (ii) a director or officer for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) a director under Section 174 of the Delaware General Corporation Law, (iv) a director or officer for any transaction from which the director or officer derived

an improper personal benefit, or (v) an officer in any action by or in the right of the Corporation. Neither any amendment to, modification of, nor repeal of this Article, nor the adoption of any provision of the Corporation's Certificate of Incorporation inconsistent with this Article, shall (i) eliminate, or reduce the effect of this Article in respect of any matter occurring, or any cause of action, suit or proceeding accruing or arising or that, but for this Article, would accrue or arise, prior to such amendment, modification, repeal or adoption of an inconsistent provision or (ii) eliminate, reduce or otherwise adversely affect any right or protection of a current or former director or officer of the Corporation existing at the time of such amendment, modification, repeal or adoption. If the Delaware General Corporation law is amended to authorize corporate action further eliminating or limiting the personal liability of directors or officers, then the liability of a director or an officer to the Corporation or its stockholders shall be eliminated or limited to the fullest extent permitted by the Delaware General Corporation Law, as amended."

Reasons for the Exculpation Amendment

The Board believes that there is a need for officers to have appropriate protections from personal liability, both to allow the Company to continue to attract and retain the most qualified officers and to prevent costly and protracted litigation that distracts our senior officers from important operational and strategic matters.

We believe that an exculpation provision that is updated to align with amended Section 102(b)(7) strikes the appropriate balance between stockholders' interest in accountability from our senior officers and their interest in the Company being able to attract and retain quality officers. In the absence of appropriate protection from personal liability, qualified officers might be deterred from serving due to exposure to personal liability and the risk of incurring substantial expense in defending lawsuits, regardless of merit.

Furthermore, exculpation has long been available to directors of Delaware companies, and now that Delaware law permits officer exculpation, other public companies have begun adopting exculpation clauses that limit the personal liability of officers in their certificates of incorporation. Failure to adopt the Exculpation Amendment could impact our ability to recruit and retain experienced and qualified officers, who may conclude that the potential exposure to liabilities, costs of defense and other risks of proceedings exceeds the benefits of serving as an officer of the Company.

In addition, officers frequently must make decisions in response to time-sensitive opportunities and challenges, which can create substantial risk of investigations, claims, actions, suits or proceedings seeking to impose liability on the basis of hindsight, regardless of merit. Adopting the Exculpation Amendment could empower our officers to exercise their business judgment in furtherance of the interests of the stockholders and could limit the assertion of potentially frivolous claims, which would help prevent the diversion of management attention from business objectives and prevent the potential waste of Company resources. On the other hand, even under the Exculpation Amendment, our officers would not be protected from liability for breaches of the duty of loyalty, acts or omissions not in good faith or those that involve intentional misconduct or a knowing violation of law, or any transactions in which an officer derived an improper personal benefit.

In light of the narrow class and type of claims for which officers would be exculpated, the limited number of officers to whom the protections would apply, and the benefits that the Board believes would accrue to the Company and its stockholders in the form of an enhanced ability to attract and retain quality officers, our Board has determined that the Exculpation Amendment is in the best interests of the Company and its stockholders, and has unanimously approved the Exculpation Amendment.

Effect of the Proposed Amendment

Other than the replacement of the existing Article X, subsection (a) by the proposed Article X, subsection (a), the remainder of the Certificate of Incorporation will remain unchanged. If the Exculpation Amendment is approved by the stockholders, the amendment will become effective upon filing of the Certificate of Amendment to Certificate of Incorporation with the Delaware Secretary of State, which the Company anticipates filing promptly following the Annual Meeting. However, in accordance with the Delaware General Corporation Law, our Board may elect to abandon the Exculpation Amendment without further action by the stockholders at any time prior to the effectiveness of the filing of the Exculpation Amendment with the Secretary of State of the State of Delaware, notwithstanding stockholder approval of the Exculpation Amendment.

If the Exculpation Amendment is not approved, Article X of our Certificate of Incorporation will remain unchanged and as currently in effect.

THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE APPROVAL OF THE EXCULPATION AMENDMENT.

DELINQUENT SECTION 16(a) REPORTS

Section 16(a) of the Exchange Act requires our directors and officers, and persons who beneficially own more than 10% of a class of our equity securities registered under Section 12 of the Exchange Act, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities. To the Company's knowledge, based solely on a review of the Section 16(a) reports filed electronically with the SEC and written representations that no other reports were required during 2023, all reports required by Section 16(a) applicable to our executive officers and directors and greater than 10% beneficial owners were filed on a timely basis during 2023 except as follows: a Form 4 filed by Linda Marsh on March 13, 2023, reporting a stock option; a Form 4 filed by Brandon K. Sim, M.S. on May 25, 2023, reporting the grant of restricted shares on May 16, 2023; a Form 4 and Form 4/A filed by Chandan Basho, M.B.A. on May 25, 2023 and October 17, 2023, respectively, reporting the amendment of a prior grant of restricted shares on May 16, 2023, including the cancellation of the prior grant; a Form 4 filed by Mr. Basho on October 17, 2023, reporting shares withheld for taxes upon the vesting of restricted shares on April 14, 2023; and a Form 4 filed by John Vong on November 16, 2023, reporting the amendment of a prior grant of restricted shares on May 16, 2023, including the cancellation of the prior grant, the forfeiture of performance-based restricted shares for which the performance conditions were not met on July 1, 2023 and shares withheld for taxes upon the vesting of restricted shares on July 11, 2023.

AUDIT COMMITTEE REPORT

The Audit Committee, which consists entirely of directors who currently meet the independence and experience requirements of Nasdaq, has furnished the following report:

The Audit Committee is responsible for overseeing our overall financial reporting process, and for the appointment, compensation, retention, and oversight of the work of Ernst & Young LLP, our independent registered public accounting firm for the fiscal year ended December 31, 2023. In fulfilling its responsibilities, the Audit Committee took the following actions:

- Reviewed and discussed the audited consolidated financial statements as of and for the year ended December 31, 2023 included in the Annual Report on Form 10-K with management and Ernst & Young LLP. Our officers represented to the Audit Committee that our audited consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee also met privately with Ernst & Young LLP and the Company's internal auditors to discuss accounting policies and their application, internal controls over financial reporting, and other matters of importance to the Audit Committee, Ernst & Young LLP, or the internal auditors;
- Discussed with Ernst & Young LLP the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board ("PCAOB") and the SEC;
- Received the written disclosures and the letter from Ernst & Young LLP regarding its independence as required by applicable requirements of the PCAOB, discussed with Ernst & Young LLP about the firm's independence, and concluded that Ernst & Young LLP was independent; and
- Considered the status of pending litigation, internal controls, taxation matters, and other areas of oversight relating to the financial reporting and audit process that the Audit Committee determined appropriate.

Based on the Audit Committee's review of the audited consolidated financial statements and discussions with management and Ernst & Young LLP, the Audit Committee's review of the representations of our officers, and the report of Ernst & Young LLP to the Audit Committee, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2023 for filing with the SEC.

Shares issued or delivered pursuant to an Award may be authorized but unissued Shares, treasury Shares, including Shares purchased in the open market, or a combination of the foregoing. The aggregate number of Shares available for issuance or delivery under the Plan shall be subject to adjustment as provided in Section 16 hereof.

(b) Share Counting. Except as provided in Section 3(c) hereof, the following Shares shall not count against, or shall be added back to, the Share limit in Section 3(a) hereof: (i) Shares covered by an Award that expires or is forfeited, canceled, surrendered, or otherwise terminated; (ii) Shares covered by an award granted under the Prior Plan that, after stockholder approval of the Plan, is forfeited, canceled, surrendered, or otherwise terminated; (iii) Shares covered by an Award that is settled only in cash; and (iv) Substitute Awards (except as may be required by reason of the rules and regulations of any stock exchange or other trading market on which the Shares are listed). (c) Prohibition of Liberal Share Recycling. (d) Limits on Awards to Certain Directors. Notwithstanding any other provision of the Plan to the contrary and except as otherwise provided in this Section 3(d), the aggregate grant date fair value (determined as of the Date of Grant in accordance with FASB ASC Topic 718) of all Awards granted to any Director (other than any Chair or Vice Chair of the Board) during any single fiscal year, together with any cash compensation earned by such Director during such fiscal year, shall not exceed seven hundred fifty thousand dollars (\$750,000). For purposes of clarity, the limit set forth in this Section 3(d) shall not apply to the compensation of any Chair or Vice Chair of the Board.

4. Administration of the Plan.

(a) In General. The Plan shall be administered by the Committee. Except as otherwise provided by the Board, the Committee shall have full and final authority in its discretion to take all actions determined by the Committee to be necessary in the administration of the Plan, including, without limitation, discretion to: (i) select Award recipients; (ii) determine the sizes and types of Awards; (iii) determine the terms and conditions of Awards in a manner consistent with the Plan; (iv) grant waivers of terms, conditions, restrictions and limitations applicable to any Award, or (v) accelerate the vesting or exercisability of any Award, in a manner consistent with the Plan; (vi) construe and interpret the Plan and any Award Agreement or other agreement or instrument entered into under the Plan; (vii) establish, amend, or waive rules and regulations for the Plan's administration; and (viii) take such other action, not inconsistent with the terms of the Plan, as the Committee deems appropriate. To the extent permitted by Applicable Laws, the Committee may, in its discretion, delegate to one or more Directors or Employees any of the Committee's authority under the Plan. The acts of any such delegates shall be treated hereunder as acts of the Committee with respect to any matters so delegated.

(b) Determinations. The Committee shall have no obligation to treat Participants or eligible Employees, Directors and Consultants uniformly, and the Committee may make determinations under the Plan selectively among Participants who receive, or Employees, Directors or Consultants who are eligible to receive, Awards (whether or not such Participants or eligible Employees, Directors or Consultants are similarly situated). All determinations and decisions made by the Committee pursuant to the provisions of the Plan and all related orders and resolutions of the Committee shall be final, conclusive and binding on all persons, including the Company, its Subsidiaries, stockholders, Directors, Consultants, Employees, Participants and their estates and beneficiaries.

(c) Authority of the Board. The Board may reserve to itself any or all of the authority or responsibility of the Committee under the Plan or may act as the administrator of the Plan for any and all purposes. To the extent the Board has reserved any such authority or responsibility, or during any time that the Board is acting as administrator of the Plan, it shall have all the powers of the Committee hereunder, and any reference herein to the Committee (other than in this Section 4(c)) shall include the Board. To the extent that any action of the Board under the Plan conflicts with any action taken by the Committee, the action of the Board shall control. Without limiting the foregoing, the Board specifically reserves the authority to approve and administer all Awards granted to Directors under the Plan, and any references in the Plan to the "Committee" with respect to any such Awards shall be deemed to refer to the Board.

5. Eligibility and Participation. Each Employee, Director and Consultant is eligible to participate in the Plan, upon selection by the Committee, in the Committee's discretion. Subject to the provisions of the Plan, the Committee may, from time to time, select from all eligible Employees, Directors and Consultants those to whom Awards shall be granted and shall determine, in its sole discretion, the nature of any and all terms permissible by Applicable Laws and the amount of each Award. No Employee, Director or Consultant shall have the right to be selected to receive an Award under the Plan, or, having been so selected, to be selected to receive future Awards.

6. Stock Options. Subject to the terms and conditions of the Plan, Stock Options may be granted to Participants in such number, and upon such terms and conditions, as shall be determined by the Committee in its sole discretion.

(a) Award Agreement. Each Stock Option shall be evidenced by an Award Agreement that shall specify the exercise price, the term of the Stock Option, the number of Shares covered by the Stock Option, the conditions upon which the Stock Option shall become vested and exercisable and such other terms and conditions as the Committee shall determine and which are not inconsistent with the terms and conditions of the Plan. The Award Agreement also shall specify whether the Stock Option is intended to be an Incentive Stock Option or a Nonqualified Stock Option. No dividend equivalents may be granted with respect to the Shares underlying a Stock Option.

(b) Exercise Price. The exercise price per Share of a Stock Option shall be determined by the Committee at the time the Stock Option is granted and shall be specified in the related Award Agreement; provided, however, that in no event shall the exercise price per Share of any Stock Option (other than a Substitute Award) be less than one hundred percent (100%) of the Fair Market Value of a Share on the Date of Grant.

(c) Term. The term of a Stock Option shall be determined by the Committee and set forth in the related Award Agreement; provided, however, that in no event shall the term of any Stock Option exceed ten (10) years from its Date of Grant.

(d) Exercisability. Stock Options shall become vested and exercisable at such times and upon such terms and conditions as shall be determined by the Committee and set forth in the related Award Agreement, subject to the terms and conditions of the

Plan, including the minimum vesting provisions of Section 12 hereof. Such terms and conditions may include, without limitation, the satisfaction of (i) one or more Performance Objectives, and (ii) time-based vesting requirements.

(e) **Exercise of Stock Options.** Except as otherwise provided in the Plan or in a related Award Agreement, a Stock Option may be exercised for all or any portion of the Shares for which it is then exercisable. A Stock Option shall be exercised by the delivery of a notice of exercise to the Company or its designee in a form specified by the Company which sets forth the number of Shares with respect to which the Stock Option is to be exercised and full payment of the exercise price for such Shares. The exercise price of a Stock Option may be paid, in the discretion of the Committee and as set forth in the applicable Award Agreement: (i) in cash or its equivalent; (ii) by tendering (either by actual delivery or attestation) previously acquired Shares having an aggregate Fair Market Value at the time of exercise equal to the aggregate exercise price; (iii) by a cashless exercise (including by withholding Shares deliverable upon exercise or through a broker-assisted arrangement to the extent permitted by Applicable Laws); (iv) by a combination of the methods described in the foregoing clauses (i), (ii) and/or (iii); or (v) through any other method approved by the Committee in its sole discretion. As soon as practicable after receipt of the notification of exercise and full payment of the exercise price, the Company shall cause the appropriate number of Shares to be issued to the Participant.

(f) **Special Rules Applicable to Incentive Stock Options.** Notwithstanding any other provision in the Plan to the contrary:

(i) Incentive Stock Options may be granted only to Employees. The terms and conditions of Incentive Stock Options shall be subject to and comply with the requirements of Section 422 of the Code.

(ii) To the extent that the aggregate Fair Market Value of the Shares (determined as of the Date of Grant) with respect to which an Incentive Stock Option is exercisable for the first time by any Participant during any calendar year (under all plans of the Company and its Subsidiaries) is greater than \$100,000 (or such other amount specified in Section 422 of the Code), as calculated under Section 422 of the Code, then the Stock Option shall be treated as a Nonqualified Stock Option.

(iii) No Incentive Stock Option shall be granted to any Participant who, on the Date of Grant, is a Ten Percent Stockholder, unless (A) the exercise price per Share of such Incentive Stock Option is at least one hundred and ten percent (110%) of the Fair Market Value of a Share on the Date of Grant, and (B) the term of such Incentive Stock Option shall not exceed five (5) years from the Date of Grant.

7. Stock Appreciation Rights. Subject to the terms and conditions of the Plan, Stock Appreciation Rights may be granted to Participants in such number, and upon such terms and conditions, as shall be determined by the Committee in its sole discretion.

(a) **Award Agreement.** Each Stock Appreciation Right shall be evidenced by an Award Agreement that shall specify the exercise price, the term of the Stock Appreciation Right, the number of Shares covered by the Stock Appreciation Right, the conditions upon which the Stock Appreciation Right shall become vested and exercisable and such other terms and conditions as the Committee shall determine and which are not inconsistent with the terms and conditions of the Plan. No dividend equivalents may be granted with respect to the Shares underlying a Stock Appreciation Right.

(b) **Exercise Price.** The exercise price per Share of a Stock Appreciation Right shall be determined by the Committee at the time the Stock Appreciation Right is granted and shall be specified in the related Award Agreement; provided, however, that in no event shall the exercise price per Share of any Stock Appreciation Right (other than a Substitute Award) be less than one hundred percent (100%) of the Fair Market Value of a Share on the Date of Grant.

(c) **Term.** The term of a Stock Appreciation Right shall be determined by the Committee and set forth in the related Award Agreement; provided, however, that in no event shall the term of any Stock Appreciation Right exceed ten (10) years from its Date of Grant.

(d) **Exercisability of Stock Appreciation Rights.** A Stock Appreciation Right shall become vested and exercisable at such times and upon such terms and conditions as may be determined by the Committee and set forth in the related Award Agreement, subject to the terms and conditions of the Plan, including the minimum vesting provisions of Section 12 hereof. Such terms and conditions may include, without limitation, the satisfaction of (i) one or more Performance Objectives, and (ii) time-based vesting requirements.

(e) **Exercise of Stock Appreciation Rights.** Except as otherwise provided in the Plan or in a related Award Agreement, a Stock Appreciation Right may be exercised for all or any portion of the Shares for which it is then exercisable. A Stock Appreciation Right shall be exercised by the delivery of a notice of exercise to the Company or its designee in a form specified by the Company which sets forth the number of Shares with respect to which the Stock Appreciation Right is to be exercised. Upon exercise, a Stock Appreciation Right shall entitle a Participant to an amount equal to (i) the excess of (A) the Fair Market Value of a Share on the

exercise date over (B) the exercise price per Share, multiplied by (ii) the number of Shares with respect to which the Stock Appreciation Right is exercised. A Stock Appreciation Right may be settled in whole Shares, cash or a combination thereof, as specified by the Committee in the related Award Agreement.

8. Restricted Shares. Subject to the terms and conditions of the Plan, Restricted Shares may be granted or sold to Participants in such number, and upon such terms and conditions, as shall be determined by the Committee in its sole discretion.

(a) Award Agreement. Each Restricted Share Award shall be evidenced by an Award Agreement that shall specify the number of Restricted Shares, the restricted period(s) applicable to the Restricted Shares, the conditions upon which the restrictions on the Restricted Shares will lapse and such other terms and conditions as the Committee shall determine and which are not inconsistent with the terms and conditions of the Plan.

(b) Terms, Conditions and Restrictions. The Committee shall impose such other terms, conditions and/or restrictions on any Restricted Shares as it may deem advisable, including, without limitation, a requirement that the Participant pay a purchase price for each Restricted Share, restrictions based on the achievement of specific Performance Objectives, time-based restrictions or holding requirements or sale restrictions placed on the Shares by the Company upon vesting of such Restricted Shares subject to the terms and conditions of the Plan, including the minimum vesting provisions of Section 12 hereof. Unless otherwise provided in the related Award Agreement or required by Applicable Law, the restrictions imposed on Restricted Shares shall lapse upon the expiration or termination of the applicable restricted period and the satisfaction of any other applicable terms and conditions.

(c) Custody of Certificates. To the extent deemed appropriate by the Committee, the Company may retain any certificates representing Restricted Shares in the Company's possession until such time as all terms, conditions and/or restrictions applicable to such Shares have been satisfied or lapse.

(d) Rights Associated with Restricted Shares during Restricted Period. During any restricted period applicable to Restricted Shares: (i) the Restricted Shares may not be sold, transferred, pledged, assigned or otherwise alienated or hypothecated; (ii) unless otherwise provided in the related Award Agreement, the Participant shall be entitled to exercise any voting rights associated with such Restricted Shares; and (iii) the Participant shall be entitled to any dividends and other distributions paid with respect to such Restricted Shares during the restricted period; provided, however, that any dividends with respect to unvested Restricted Shares shall be accumulated or deemed reinvested in additional Restricted Shares (as determined by the Committee in its sole discretion and set forth in the applicable Award Agreement), subject to the same terms and conditions as the original Award (including service-based vesting conditions and any Performance Objectives) until such Award is earned and vested.

9. Restricted Share Units. Subject to the terms and conditions of the Plan, Restricted Share Units may be granted or sold to Participants in such number, and upon such terms and conditions, as shall be determined by the Committee in its sole discretion.

(a) Award Agreement. Each Restricted Share Unit Award shall be evidenced by an Award Agreement that shall specify the number of units, the restricted period(s) applicable to the Restricted Share Units, the conditions upon which the restrictions on the Restricted Share Units will lapse, the time and method of payment of the Restricted Share Units to the Participant, and such other terms and conditions as the Committee shall determine and which are not inconsistent with the terms and conditions of the Plan, including the minimum vesting provisions of Section 12 hereof.

(b) Terms, Conditions and Restrictions. The Committee shall impose such other terms, conditions and/or restrictions on any Restricted Share Units as it may deem advisable, including, without limitation, a requirement that the Participant pay a purchase price for each Restricted Share Unit, restrictions based on the achievement of specific Performance Objectives or time-based restrictions or holding requirements.

(c) Form of Settlement. Restricted Share Units may be settled in whole Shares, cash or a combination thereof, as specified by the Committee in the related Award Agreement.

10. Other Share-Based Awards. Subject to the terms and conditions of the Plan, Other Share-Based Awards may be granted to Participants in such number, and upon such terms and conditions, as shall be determined by the Committee in its sole discretion, subject to the terms and conditions of the Plan, including the minimum vesting provisions of Section 12 hereof. Other Share-Based Awards are Awards that are valued in whole or in part by reference to, or otherwise based on the Fair Market Value of, Shares, and shall be in such form as the Committee shall determine, including without limitation, unrestricted Shares (subject to the limitations of Section 12 hereof) or time-based or performance-based units that are settled in Shares and/or cash.

(a) Award Agreement. Each Other Share-Based Award shall be evidenced by an Award Agreement that shall specify the terms and conditions upon which the Other Share-Based Award shall become vested, if applicable, the time and method of

settlement, the form of settlement and such other terms and conditions as the Committee shall determine and which are not inconsistent with the terms and conditions of the Plan.

(b) Form of Settlement. An Other Share-Based Award may be settled in whole Shares, cash or a combination thereof, as specified by the Committee in the related Award Agreement.

11. Dividend Equivalents. Awards granted under the Plan (other than Stock Options and Stock Appreciation Rights) may provide the Participant with dividend equivalents, payable on a contingent basis and either in cash or in additional Shares, as determined by the Committee in its sole discretion and set forth in the related Award Agreement; provided, however, that any dividend equivalents with respect to an unvested Award shall be either accumulated in cash or deemed reinvested in additional Restricted Share Units, subject to the same terms and conditions as the original Award (including service-based vesting conditions and the achievement of any Performance Objectives) until such Award is earned and vested. Notwithstanding anything to the contrary herein, no dividend equivalents may be granted under the Plan with respect to the Shares underlying any Stock Option or Stock Appreciation Right.

12. Minimum Vesting Provisions. Notwithstanding any other provision of the Plan to the contrary, Awards granted under the Plan shall not become vested or exercisable in full any earlier than the first anniversary of the Date of Grant of the Award (excluding, for this purpose, any (a) Substitute Awards, and (b) Awards to Directors that vest in full no later than the earlier of the first anniversary of the date of grant or the next annual meeting of stockholders (provided that such vesting period is not less than 50 weeks after the Date of Grant)); provided, however, that the Committee may grant Awards without regard to the foregoing minimum vesting requirement with respect to a maximum of five percent (5%) of the available share reserve authorized for issuance under the Plan pursuant to Section 3(a) hereof; and, provided further that the foregoing restriction does not apply to the Committee's discretion to provide for accelerated exercisability or vesting of any Award, including in cases of retirement, death, disability, other termination of employment or a Change of Control, by the terms of the Award Agreement or otherwise. For purposes of clarity, an Award that vests or becomes exercisable in installments over a period that ends on or after the first anniversary of the Date of Grant of the Award shall be considered to comply with the minimum vesting provisions of this Section 12.

13. Compliance with Section 409A. Awards granted under the Plan shall be designed and administered in such a manner that they are either exempt from the application of, or comply with, the requirements of Section 409A of the Code. To the extent that the Committee determines that any award granted under the Plan is subject to Section 409A of the Code, the Award Agreement shall incorporate the terms and conditions necessary to avoid the imposition of an additional tax under Section 409A of the Code upon a Participant. Notwithstanding any other provision of the Plan or any Award Agreement (unless the Award Agreement provides otherwise with specific reference to this Section 13): (a) an Award shall not be granted, deferred, accelerated, extended, paid out, settled, substituted, modified or adjusted under the Plan in a manner that would result in the imposition of an additional tax under Section 409A of the Code upon a Participant; and (b) if an Award is subject to Section 409A of the Code, and if the Participant holding the award is a "specified employee" (as defined in Section 409A of the Code, with such classification to be determined in accordance with the methodology established by the Company), then, to the extent required to avoid the imposition of an additional tax under Section 409A of the Code upon a Participant, no distribution or payment of any amount shall be made before the date that is six (6) months following the date of such Participant's "separation from service" (as defined in Section 409A of the Code) or, if earlier, the date of the Participant's death. Although the Company intends to administer the Plan so that Awards will be exempt from, or will comply with, the requirements of Section 409A of the Code, the Company does not warrant that any Award under the Plan will qualify for favorable tax treatment under Section 409A of the Code, or any other provision of federal, state, local, or non-United States law. The Company shall not be liable to any Participant for any tax, interest, or penalties the Participant might owe as a result of the grant, holding, vesting, exercise, or payment of any Award under the Plan.

14. Performance Objectives.

(a) In General. As provided in the Plan, the vesting, exercisability and/or payment of any Award may be conditioned upon the achievement of one or more Performance Objectives (any such Award, a "Performance Award"). Any Performance Objectives shall be based on the achievement of one or more criteria selected by the Committee, in its discretion, which may include, but shall not be limited to, the following: (i) revenue; (ii) earnings before interest, taxes, depreciation and amortization, as adjusted (EBITDA as adjusted); (iii) income before income taxes and minority interests; (iv) operating income; (v) pre- or after-tax income; (vi) average accounts receivable; (vii) cash flow; (viii) cash flow per share; (ix) net earnings; (x) basic or diluted earnings per share; (xi) return on equity; (xii) return on assets; (xiii) return on capital; (xiv) growth in assets; (xv) economic value added; (xvi) share price performance; (xvii) total stockholder return; (xviii) improvement or attainment of expense levels; (xix) market share or market penetration; (xx) business expansion, and/or acquisitions or divestitures; or (xxi) environmental, social or governance metrics.

(b) **Establishment of Performance Objectives.** With respect to any Performance Award, the Committee shall establish in writing the Performance Objectives, the performance period, and any formula for computing the payout of the Performance Awards. Such terms and conditions shall be established in writing during the first ninety days of the applicable performance period (or by such other date as may be determined by the Committee, in its discretion).

(c) **Certification of Performance.** Prior to payment, exercise or vesting of any Performance Award, the Committee will certify in writing whether the applicable Performance Objectives and other material terms imposed on such Performance Award have been satisfied, and, if they have, ascertain the amount of the payout or vesting of the Performance Award.

(d) **Adjustments.** If the Committee determines that a change in the Company's business, operations, corporate structure or capital structure, or in the manner in which it conducts its business, or other events or circumstances render the Performance Objectives unsuitable, the Committee may, in its discretion and without the consent of any Participant, adjust such Performance Objectives or the related level of achievement, in whole or in part, as the Committee deems appropriate and equitable, including, without limitation, to exclude the effects of events that are unusual in nature or infrequent in occurrence (as determined in accordance with applicable financial accounting standards), cumulative effects of tax or accounting changes, discontinued operations, acquisitions, divestitures and material restructuring or asset impairment charges.

15. Transferability. Except as otherwise determined by the Committee, no Award or dividend equivalents paid with respect to any Award shall be transferable by the Participant except by will or the laws of descent and distribution; provided, that if so determined by the Committee, each Participant may, in a manner established by the Board or the Committee, designate a beneficiary to exercise the rights of the Participant with respect to any Award upon the death of the Participant and to receive Shares or other property issued or delivered under such Award. Except as otherwise determined by the Committee, Stock Options and Stock Appreciation Rights will be exercisable during a Participant's lifetime only by the Participant or, in the event of the Participant's legal incapacity to do so, by the Participant's guardian or legal representative acting on behalf of the Participant in a fiduciary capacity under state law and/or court supervision.

16. Adjustments. In the event of any equity restructuring (within the meaning of Financial Accounting Standards Board Accounting Standards Codification Topic 718, or any successor thereto), such as a stock dividend, stock split, reverse stock split, spinoff, rights offering, or recapitalization through a large, nonrecurring cash dividend, the Committee shall cause there to be an equitable adjustment in the number and kind of Shares specified in Section 3 of the Plan and, with respect to outstanding Awards, in the number and kind of Shares subject to outstanding Awards and the exercise price or other price of Shares subject to outstanding Awards, in each case to prevent dilution or enlargement of the rights of Participants. In the event of any other change in corporate capitalization, or in the event of a merger, consolidation, liquidation, or similar transaction, the Committee may, in its sole discretion, cause there to be an equitable adjustment as described in the foregoing sentence, to prevent dilution or enlargement of rights; provided, however, that, unless otherwise determined by the Committee, the number of Shares subject to any Award shall always be rounded down to a whole number. Moreover, in the event of any such transaction or event, the Committee, in its discretion, may provide in substitution for any or all outstanding Awards such alternative consideration (including cash) as it, in good faith, may determine to be equitable in the circumstances, and may require in connection therewith the surrender of all Awards so replaced. Notwithstanding the foregoing, the Committee shall not make any adjustment pursuant to this Section 16 that would (a) cause any Stock Option intended to qualify as an ISO to fail to so qualify, (b) cause an Award that is otherwise exempt from Section 409A of the Code to become subject to Section 409A, or (c) cause an Award that is subject to Section 409A of the Code to fail to satisfy the requirements of Section 409A. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on all Participants and any other persons claiming under or through any Participant.

17. Fractional Shares. The Company shall not be required to issue or deliver any fractional Shares pursuant to the Plan and, unless otherwise provided by the Committee, fractional shares shall be settled in cash.

18. Withholding Taxes. To the extent required by Applicable Laws, a Participant shall be required to satisfy, in a manner satisfactory to the Company or Subsidiary, as applicable, any withholding tax obligations that arise by reason of the exercise of a Stock Option or Stock Appreciation Right, the vesting of or settlement of Shares under an Award, an election pursuant to Section 83(b) of the Code or otherwise with respect to an Award. The Company and its Subsidiaries shall not be required to issue or deliver Shares, make any payment, or recognize the transfer or disposition of any Shares, until such withholding tax obligations are satisfied. The Committee may permit or require these obligations to be satisfied by having the Company withhold a portion of the Shares that otherwise would be issued or delivered to a Participant upon exercise of a Stock Option or Stock Appreciation Right or upon the vesting or settlement of an Award, or by tendering Shares previously acquired, in each case having a value (as determined by the Company) equal to the amount required to be withheld. Any such elections are subject to such conditions or procedures as may be established by the Committee and may be subject to disapproval by the Committee. In no event will the value

of the Shares to be withheld or tendered pursuant to this Section 18 to satisfy applicable withholding taxes exceed the amount of taxes required to be withheld based on the maximum statutory tax rates in the applicable taxing jurisdictions.

19. Non-U.S. Participants. Without amending the Plan, the Committee may grant Awards to Participants who are foreign nationals, or who are subject to Applicable Laws of one or more non-United States jurisdictions, on such terms and conditions different from those specified in the Plan as may in the judgment of the Committee be necessary or desirable to foster and promote achievement of the purposes of the Plan, and, in furtherance of such purposes, the Committee may approve such sub-plans, supplements to or amendments, modifications, restatements or alternative versions of this Plan as may be necessary or advisable to comply with provisions of Applicable Laws of other countries in which the Company or its Subsidiaries operate or have Employees or Consultants.

20. Compensation Recovery Policy. Any Award granted to a Participant shall be subject to forfeiture or repayment pursuant to the terms of the Company's Compensation Recovery Policy as in effect from time to time (and any similar, supplemental, or successor policy).

21. Change of Control.

(a) In General. The provisions of this Section 21 shall apply, notwithstanding any other provision of this Plan to the contrary, except to the extent otherwise specifically provided in a Participant's Award Agreement.

(b) Awards that are Assumed. To the extent outstanding Awards granted under this Plan are assumed, converted or replaced by the resulting entity in the event of a Change of Control (or, if the Company is the resulting entity in the Change of Control, to the extent such Awards are continued by the Company), then, except as otherwise provided in the applicable Award Agreement or in another written agreement with the Participant, or in a Company severance plan applicable to the Participant: (i) any outstanding Awards that are subject to Performance Objectives shall be converted to service-vesting awards by the resulting entity, as if "target" performance had been achieved as of the date of the Change of Control, and shall continue to vest based on the Participant's Continuous Service during the remaining performance period or other period of required service, and (ii) all other Awards shall continue to vest during the applicable vesting period, if any. Notwithstanding the preceding sentence, if a Participant incurs a Qualified Termination, then upon such termination, all outstanding Awards shall become fully vested and any such Awards that are Stock Options or Stock Appreciation Rights shall become fully exercisable and shall remain exercisable for the full duration of their term.

(c) Awards that are not Assumed. To the extent outstanding Awards granted under this Plan are not assumed, converted or replaced by the resulting entity in connection with a Change of Control (or, if the Company is the resulting entity in the Change of Control, to the extent such Awards are not continued by the Company), then effective immediately prior to the Change of Control, except as otherwise provided in the applicable Award Agreement or in another written agreement with the Participant, or in a Company severance plan applicable to the Participant: (i) all outstanding Awards held by the Participant that may be exercised shall become fully exercisable and shall remain exercisable for the full duration of their term, (ii) all restrictions with respect to outstanding Awards shall lapse, with any specified Performance Objectives with respect to outstanding Awards deemed to be satisfied at the "target" level, and (iii) all outstanding Awards shall become fully vested.

(d) Cancellation Right. The Committee may, in its sole discretion and without the consent of Participants, either by the terms of the Award Agreement applicable to any Award or by resolution adopted prior to the occurrence of the Change of Control, provide that any outstanding Award (or a portion thereof) shall, upon the occurrence of such Change of Control, be cancelled in exchange for a payment in cash or other property (including shares of the resulting entity in connection with a Change of Control) in an amount equal to the excess, if any, of the Fair Market Value of the Shares subject to the Award, over any exercise price related to the Award, which amount may be zero if the Fair Market Value of a Share on the date of the Change of Control does not exceed the exercise price per Share of the applicable Awards.

22. Amendment, Modification and Termination.

(a) In General. The Board may at any time and from time to time, alter, amend, suspend or terminate the Plan in whole or in part; provided, however, that no alteration or amendment that requires stockholder approval in order for the Plan to comply with any rule promulgated by the SEC or any securities exchange on which Shares are listed or any other Applicable Laws shall be effective unless such amendment is approved by the requisite vote of stockholders of the Company entitled to vote thereon within the time period required under such applicable listing standard, rule or law.

(b) Adjustments to Outstanding Awards. The Committee may, in its sole discretion and without the consent of any Participant, at any time (i) provide that all or a portion of a Participant's Stock Options, Stock Appreciation Rights and other

Awards in the nature of rights that may be exercised shall become fully or partially exercisable; (ii) provide that all or a part of the time-based vesting restrictions on all or a portion of the outstanding Awards shall lapse, and/or that any Performance Objectives or other performance-based criteria with respect to any Awards shall be deemed to be wholly or partially satisfied; or (iii) waive any other limitation or requirement under any such Award, in each case, as of such date as the Committee may, in its sole discretion, declare.

(c) **Prohibition on Repricing Without Stockholder Approval.** Except for adjustments made pursuant to Sections 16 or 21 hereof, the Committee will not, without the approval of the stockholders of the Company, authorize the amendment of any outstanding Stock Option or Stock Appreciation Right to reduce the exercise price of such Award. No Stock Option or Stock Appreciation Right will be cancelled and replaced with an Award having a lower exercise price, or for another Award, or for cash, without approval of the stockholders of the Company, except as provided in Sections 16 or 21 hereof. Furthermore, no Stock Option or Stock Appreciation Right will provide for the payment, at the time of exercise, of a cash bonus or grant or sale of another Award without further approval of the stockholders of the Company. This Section 22(c) is intended to prohibit the repricing of “underwater” Stock Options or Stock Appreciation Rights without stockholder approval and will not be construed to prohibit the adjustments provided for in Sections 16 or 21 hereof.

(d) **Effect on Outstanding Awards.** Notwithstanding any other provision of the Plan to the contrary (other than Sections 14(d), 16, 21, 22(b) and 24(e) hereof, which specifically do not require the consent of Participants), no termination, amendment, suspension, or modification of the Plan or an Award Agreement shall adversely affect in any material way any Award previously granted under the Plan, without the written consent of the Participant holding such Award; provided, however, that the Committee may modify an ISO held by a Participant to disqualify such Stock Option from treatment as an “incentive stock option” under Section 422 of the Code without the Participant’s consent.

23. Applicable Laws. The obligations of the Company with respect to Awards under the Plan shall be subject to all Applicable Laws and such approvals by any governmental agencies as the Committee determines may be required. The Plan and each Award Agreement shall be governed by the laws of the State of Delaware, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction.

24. Miscellaneous.

(a) **Stock Ownership Guidelines.** By accepting any Award under the Plan, each Participant shall thereby agree to comply with the terms and conditions of any stock ownership guidelines the Company may maintain or establish, as the same may be applicable to the Participant from time to time, including any applicable stock retention requirements thereunder.

(b) **Deferral of Awards.** Except with respect to Stock Options, Stock Appreciation Rights and Restricted Shares, the Committee, in its discretion, may permit Participants to elect to defer the issuance or delivery of Shares or the settlement of Awards in cash under the Plan pursuant to such rules, procedures or programs as it may establish for purposes of the Plan. The Committee also may provide that deferred issuances and settlements include the payment or crediting of dividend equivalents or interest on the deferral amounts. Any elections and deferrals permitted under this provision shall comply with Section 409A of the Code, including setting forth the time and manner of the election (including a compliant time and form of payment), the date on which the election is irrevocable, and whether the election can be changed until the date it is irrevocable.

(c) **No Right of Continued Service.** The Plan shall not confer upon any Participant any right with respect to continuance of employment or other service with the Company or any Subsidiary, nor shall it interfere in any way with any right the Company or any Subsidiary would otherwise have to terminate such Participant’s employment or other service at any time. Awards granted under the Plan shall not be considered a part of any Participant’s normal or expected compensation or salary for any purposes, including, but not limited to, calculating any severance, resignation, termination, redundancy, dismissal, end of service payments, bonuses, long-service awards, pension or retirement or welfare benefits or similar payments, and in no event shall any Award be considered as compensation for, or relating in any way to, past services for the Company or any Subsidiary or affiliate.

(d) **Unfunded, Unsecured Plan.** Neither a Participant nor any other person shall, by reason of participation in the Plan, acquire any right or title to any assets, funds or property of the Company or any Subsidiary, including without limitation, any specific funds, assets or other property which the Company or any Subsidiary may set aside in anticipation of any liability under the Plan. A Participant shall have only a contractual right to an Award or the amounts, if any, payable under the Plan, unsecured by any assets of the Company or any Subsidiary, and nothing contained in the Plan shall constitute a guarantee that the assets of the Company or any Subsidiary shall be sufficient to pay any benefits to any person.

(e) **Severability.** If any provision of the Plan or an Award Agreement is or becomes invalid, illegal or unenforceable in any jurisdiction, or would disqualify the Plan or any Award under any Applicable Law, as determined by the Committee, such provision

shall be construed or deemed amended or limited in scope to conform to such Applicable Law or, in the discretion of the Committee, it shall be stricken and the remainder of the Plan shall remain in full force and effect.

(f) Acceptance of Plan. By accepting any benefit under the Plan, each Participant and each person claiming under or through any such Participant shall be conclusively deemed to have indicated their acceptance and ratification of, and consent to, all of the terms and conditions of the Plan, any Award Agreement and any action taken under the Plan by the Committee, the Board or the Company, in any case in accordance with the terms and conditions of the Plan.

(g) Successors. All obligations of the Company under the Plan and with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or other event, or a sale or disposition of all or substantially all of the business and/or assets of the Company and references to the "Company" herein and in any Award Agreements shall be deemed to refer to such successors.

Exculpation Amendment

ARTICLE X

INDEMNIFICATION OF OFFICERS AND DIRECTORS

(a) Liability to the Corporation or its Stockholders. To the fullest extent permitted by the Delaware General Corporation Law, as it presently exists or may hereafter be amended from time to time, a director **or officer** of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director **or officer**, **provided that this provision shall not eliminate or limit the liability of (i) a director or officer for any breach of the director's or officer's duty of loyalty to the Corporation or its stockholders, (ii) a director or officer for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) a director under Section 174 of the Delaware General Corporation Law, (iv) a director or officer for any transaction from which the director or officer derived an improper personal benefit, or (v) an officer in any action by or in the right of the Corporation.** Neither any amendment to, modification of, nor repeal of this Article, nor the adoption of any provision of the Corporation's Certificate of Incorporation inconsistent with this Article, shall (i) eliminate, or reduce the effect of this Article in respect of any matter occurring, or any cause of action, suit or proceeding accruing or arising or that, but for this Article, would accrue or arise, prior to such amendment, modification, repeal or adoption of an inconsistent provision or (ii) eliminate, reduce or otherwise adversely affect any right or protection of a current or former director **or officer** of the Corporation existing at the time of such amendment, modification, repeal or adoption. If the Delaware General Corporation law is amended to authorize corporate action further eliminating or limiting the personal liability of directors **or officers**, then the liability of a director **or an officer** to the Corporation or its stockholders shall be eliminated or limited to the fullest extent permitted by the Delaware General Corporation Law, as amended.

(1) This proxy contains the non-GAAP financial measures EBITDA and Adjusted EBITDA of which the most directly comparable financial measure presented in accordance with U.S. generally accepted accounting principles (“GAAP”) is net income. These measures are not in accordance with, or alternatives to GAAP, and may be calculated differently from other non-GAAP financial measures used by other companies. The Company uses Adjusted EBITDA as a supplemental performance measure of our operations, for financial and operational decision-making, and as a supplemental means of evaluating period-to-period comparisons on a consistent basis. Adjusted EBITDA is calculated as earnings before interest, taxes, depreciation, and amortization, excluding income or loss from equity method investments, non-recurring and non-cash transactions, stock-based compensation, and APC excluded assets costs.

The Company believes the presentation of these non-GAAP financial measures provides investors with relevant and useful information, as it allows investors to evaluate the operating performance of the business activities without having to account for differences recognized because of non-core or non-recurring financial information. When GAAP financial measures are viewed in conjunction with non-GAAP financial measures, investors are provided with a more meaningful understanding of the Company’s ongoing operating performance. In addition, these non-GAAP financial measures are among those indicators the Company uses as a basis for evaluating operational performance, allocating resources, and planning and forecasting future periods. Non-GAAP financial measures are not intended to be considered in isolation or as a substitute for GAAP financial measures. Other companies may calculate both EBITDA and Adjusted EBITDA differently, limiting the usefulness of these measures for comparative purposes. To the extent this release contains historical or future non-GAAP financial measures, the Company has provided corresponding GAAP financial measures for comparative purposes. The reconciliation between certain GAAP and non-GAAP measures is provided above.

- (2) Other, net for the year ended December 31, 2023 consists of nonrecurring transaction costs and tax restructuring fees incurred, non-cash gains and losses related to the changes in the fair value of our financing obligation to purchase the remaining equity interests, contingent liabilities, and the Company’s Collar Agreement, and excise tax related to a nonrecurring buyback of the Company’s stock from APC.
- (3) Other, net for the year ended December 31, 2022 consists of one-time transaction costs incurred and non-cash gains and losses related to the changes in the fair value of our financing obligation to purchase the remaining equity interests and contingent considerations.
- (4) Other, net for the years ended December 31, 2021 and 2020 relate to COVID-19 relief payments recognized in 2021 and 2020.
- (5) Certain APC minority interests where APC owns the asset but not the right to the dividends is reclassified from APC excluded asset costs to income from equity method investments.
